Provided also, that the use of an invention in public by the actual inventor thereof, or by his servants or agents, or by any other person by his license in writing, shall not be deemed a public use thereof within the meaning of this Act.

XXI. An action may be maintained by an inventor against any person who, during the continuance of any exclusive privilege granted by this Act, shall, without the license of the said inventor, make, use, sell, or put in practice the said invention, or who shall counterfeit or imitate the same. Provided that no such action shall be maintained in any of the Courts of the East India Company other than the principal Court of original jurisdiction in civil cases within the local limits of whose jurisdiction the cause of action shall accrue or the defendant shall reside as a fixed inhabitant.

Action for infringement

XXII. No such action shall be defended upon the ground of any defect or insufficiency of the specification of the invention, nor shall any such action be defended upon the ground of a misdescription of the invention in the petition; nor upon the ground that the Plaintiff was not the inventor, unless the defendant shall show that he is the actual inventor or derives title from him. Any such action may be defended upon the ground that the invention was not new, if the person making the defence, or some person through whom he claims, shall, before the date of the petition for leave to file the specification, have publicly or actually used in India the invention, or that part of it of which the infringement shall be proved; but not otherwise.

Defect in specification or petition, or want of novelty in invention, &c., no defence to action for infringement.

XXIII. It shall be lawful for any person to apply by motion to any of Her Majesty's Courts of Judicature for a rule to show cause why the Court should not declare that an exclusive privilege in respect of an invention has not been acquired under the provisions of this Act by reason of all or any of the objections following (to be specified in the rule), that is to say—

Application to Supreme Courts to declare exclusive privilege not to have been acquired on following grounds—

That the said invention was not, at the time of presenting the petition for leave to file the specification, a new invention, or

Invention not new.

That the petitioner was not the inventor thereof, and, in addition thereto, either that the applicant was the inventor or that the inventor has dedicated or made known the invention to the public or has acquiesced in the public use thereof, or

Petitioner not the inventor, &c.

That the specification filed does not particularly describe and ascertain the nature of the invention or in what manner the same is to be performed, or

Invention not described in specification

That the petitioner has fraudulently included in the petition or specification as part of his invention something which was not new or whereof he was not the inventor, or

Fraud in petition or specification

That the petitioner has wilfully made a false statement in his petition, or

False statement in petition.

That some part of the invention or the manner in which that part is to be performed as described in the said specification, is not thereby sufficiently described and ascertained, and that such defect or insufficiency was fraudulent, and is injurious to the public.

Fraudulent misdescription of part of invention in specification.

XXIV. Any person may, in like manner, apply to any of Her Majesty's Courts of Judicature for a rule to show cause why the Court should not declare that an exclusive privilege has not been acquired under the provisions of this Act in any part of the invention to be specified in the rule by reason of all or any of the objections following (to be specified in the rule,) that is to say—

Like application as to part of an invention.

That such part of the invention was not new at the date of the petition for leave to file the specification,

That the petitioner was not the inventor of that part of the invention, and, in addition thereto, either that the applicant was the inventor of that part or that the inventor has dedicated or made known the same to the public or has acquiesced in the public use thereof, or

That that part of the invention, and the manner in which it is to be performed, is not sufficiently described and ascertained in the specification, and that such defect or insufficiency is injurious to the public.

Application by Advocate General, on breach of special condition.

XXV. It shall be lawful for the Advocate General of the East India Company at any of the Presidencies of Fort William in Bengal, Fort St. George, and Bombay, or any other person, by order of the Governor General in Council, to apply to any of the said Courts of Judicature for a rule calling upon the petitioner, his executors, administrators, or assigns, to show cause why the question of the breach of any special condition upon which the leave to file a specification has been granted, or any other question of fact on which the revocation of the exclusive privilege by the Governor General in Council under the power hereinbefore reserved may, in the judgment of the said Governor General in Council, depend, should not be tried in the form of an issue directed by the said Court, and, if the rule be made absolute, the Court, unless the breach or other matter of fact be admitted, may thereupon direct such issue to be tried, and certify the result of such trial to the Governor General in Council. The costs of such trial, and also the costs of any proceedings in any of the said Courts of Judicature under the provisions of this Act, shall be in the discretion of the Court.

Service of proceedings on all persons interested.

XXVI. Notice of any rule obtained or proceeding taken under either of the last three preceding Sections shall be served on all persons appearing to be proprietors or to have shares or interests in the exclusive privilege under the provisions of Section XXXIV of this Act, and it shall not be necessary to serve such notice on any other persons.

Supreme Court may direct issue for trial to other Courts.

XXVII. Any of the said Courts of Judicature, if it think fit, may direct an issue for the trial, before the same Court or any other Court of Her Majesty or any principal Court of original jurisdiction in civil cases of the East India Company, of any question of fact arising upon an application under Section XXIII, XXIV, or XXV of this Act, and such issue shall be tried accordingly in a summary manner, and, if the issue be directed to another Court, the finding shall be certified by the Court before which the same was tried, to the Court directing the issue. If the issue be directed to any of Her Majesty's Courts of Judicature, the Court by which the issue is tried may, before the finding is certified, direct a new trial of such issue according to the usual course and practice of such Court. If the issue be directed to a Court of the East India Company, the finding shall not be subject to appeal to any other Court of the said Company, but the evidence taken upon the trial shall be recorded, and a copy thereof, certified by the Judge, shall be transmitted, together with any remarks he may think fit to make thereon, to the Court by which the issue was directed; and such Court may either act upon the decision of the Court which tried the issue, or direct a new trial if it shall appear necessary.

New trial.

Judgment.

XXVIII. If it shall appear to any of the said Courts of Judicature at the hearing of any application under the provisions of Section XXIII or XXIV of this Act that, by reason of any of the objections therein mentioned, the said exclusive privilege in the invention or in any part thereof has not been acquired, the Court shall give judgment accordingly, and shall make such order as to the costs of and consequent upon the application as it may think just; and thereupon the petitioner, his executors, administrators, and assigns, shall, so long as the judgment continues in force, cease to be entitled to such exclusive privilege.

Costs.

Amendment of specification.

XXIX. If the Court, at the hearing of any such application as last aforesaid, shall think that the petitioner has, in the description of his invention in the petition or specification, included something which at the date of the petition was not new or whereof he was not the inventor, or that the specification is in any particular defective or insufficient, but that the error, defect, or insufficiency was not fraudulently intended, the Court may adjudge the said exclusive privilege to have been acquired and to be valid, save as to the part thereof affected by such error, defect, or insufficiency, or, if the Court shall think that the error, defect, or insufficiency can be amended without injury to the public, they may adjudge the exclusive privilege in the whole of the invention to be valid, and may, upon such terms as shall appear reasonable, order the specification to be amended in any of the said particulars; and thereupon the petitioner, his executors, administrators, or assigns, shall, within the time limited by the said Court for the purpose, file a specification amended according to such order.

Misdescription in the petition if not fraudulent, not to defeat the privilege

XXX. An exclusive privilege shall not be defeated upon the ground that there is any misdescription of the invention in the petition, unless such misdescription was fraudulent.

Entry in registry book of judgment, &c declaring privilege not to have been acquired.

XXXI. Whenever it shall be adjudged by any of the said Courts of Judicature that an exclusive privilege as to the whole or any part of an invention has not been acquired, the said Secretary to the Government of India shall, upon the production of the judgment or order, cause an entry thereof to be made in the said book, hereinbefore directed to be kept, and shall cause a reference to such entry to be made in the margin of the entry of the specification contained in such book.

In what case actual inventor entitled to assignment of an exclusive privilege fraudulently obtained.

XXXII. If, upon proceedings instituted within two years from the date of a petition to file a specification, the actual inventor shall prove to the satisfaction of any of Her Majesty's Courts of Judicature or of the principal Courts of the East India Company having jurisdiction in Civil

cases within the local limits of whose jurisdiction the Defendant shall reside as a fixed inhabitant, that the petitioner was not the actual inventor and that, at the time of the petition, he knew or had good reason to believe that the knowledge of the invention was obtained by himself or by some other person surreptitiously or in fraud of the actual inventor, or by means of a communication made in confidence by the actual inventor to him or to any person through whom he derived such knowledge, the Court may compel the petitioner to assign to the actual inventor any exclusive privilege obtained under this Act and to account for and pay over the profits thereof.

Particulars to be delivered.

XXXIII. In any action for the infringement of such exclusive privilege the Plaintiff shall deliver with his plaint particulars of the breaches complained of in the said action, and the Defendant, in pleading thereto, shall deliver with his pleas particulars of the grounds (if any) upon which he means to contend that the Plaintiff is not entitled to an exclusive privilege in the invention. In like manner, upon any application to any of the said Courts of Judicature under Section XXIII, XXIV, or XXV of this Act, the applicant shall deliver particulars of the objections on which he means to rely. At the trial of any such action or issue no evidence shall be allowed to be given in support of any alleged infringement or of any objection impeaching the validity of such exclusive privilege which shall not be contained in the particulars delivered as aforesaid. If it be alleged that the invention was publicly known or used prior to the date of the petition for leave to file such specification, the places where and the manner in which the invention was so publicly known or used shall be stated in such particulars. Provided, always, that it shall be lawful for any Court in which the action or proceeding is pending, or in which the issue is tried, to allow the Plaintiff or Defendant respectively to amend the particulars delivered as aforesaid upon such terms as shall seem fit.

Service of proceedings.

XXXIV. A book shall be kept in the Office of the Secretary to the Government of India in the Home Department (such book to be open to inspection without fee) wherein every person filing a specification under this Act shall cause to be stated, under a number corresponding with the number of the specification, some place in India where service of any rule or proceedings for the purpose of cancelling or revoking his exclusive privilege may be made. All persons, partnerships, or Companies from time to time being proprietors of, or having shares or interests in, such exclusive privilege, shall cause to be entered in such book, under such number as aforesaid, their names, together with the name of some place for the service of such proceedings as aforesaid. All such rules and proceedings as aforesaid shall be deemed sufficiently served on any such person, partnership, or Company if a copy thereof be left at the place entered in such book, or (if any other place be substituted for the same by entry in the said book) at the place last substituted, by delivering the same to any person resident at, or in charge of, such place; or, if there be no person resident at, or in charge of, such place, or if such place be not within the local limits of the jurisdiction of the Court, by causing such rule or proceeding to be sent by Post by a registered letter directed to such person, partnership, or Company at such place; and if any such person, partnership, or Company shall neglect to make or cause to be made such entry, then service of such rule or proceeding, may be effected by affixing a copy thereof to some conspicuous part of the Court House or in such other manner as the Court may direct.

Nothing in this Act to affect Prerogative of Crown.

XXXV. Nothing herein contained shall abridge or affect the Prerogative of the Crown in relation to the granting or withholding the grant of any Letters Patent for inventions or otherwise, or affect or interfere with any Letters Patent for an invention heretofore granted or hereafter to be granted by the Crown.

Stamp on petition.

XXXVI. Every petition for leave to file a specification under the provisions of this Act, or for the extension of the term of an exclusive privilege, shall be written or printed on stamped paper of the value of one hundred rupees.

His Lordship in Council, therefore, cannot allow this opportunity to pass by without expressing his entire satisfaction with the assurance he has received of the general efficiency of the Contingents in the several Arms, and with the attention, alacrity and good conduct of all the Officers and Men who were assembled on the occasion.

The previous character of Brigadier Hill had led the Government to expect much from his Command, and its thanks are now offered to him for the assiduous exertions by which he has realized its expectations.

No. 13.

The 17th March 1856.

Notification.—It appears that it has hitherto been the practice in some Treasuries to treat silver fractions of a Rupee less than Half a Rupee as falling under the operation of Section III. Act XVII. of 1835, which declares the *Rupee, Half Rupee* and *Double Rupee* to be legal tender in satisfaction of all engagements, provided the coin shall not have lost more than 2 per cent. in weight, and provided it shall not have been clipped or filed, or have been defaced, otherwise than by use. But this practice is opposed to Section V. of the same Act, which refers to the *Quarter Rupee*, and provides that it shall be a legal tender in payment of the fractions of a Rupee, without making any provision in regard to loss of weight of the coin. It is therefore notified for general information, that Four and Two-anna Silver Pieces will, in future, be allowed to pass current, so long as they have lost weight only by fair abrasion; but if they have lost weight from *any other cause*, they will be treated as bullion.

By Order of the Right Hon'ble the Governor General in Council,

C. HUGH LUSHINGTON,

Secy. to the Govt. of India.

No. 532.

Fort William, Home Department,
The 28th March 1856.

Notification.—The following Resolution, passed by the Right Hon'ble the Governor General in Council, is published for general information :—

RESOLUTION.

Read again the Resolutions recorded on the Consultations of the dates noted on the margin, on the subject of the grant of Furloughs to members of the Civil Service.

6th Oct. 1825, No. 13.
18th Sept. 1828, No. 71.
6th Nov. 1839, No. 6.

Read again the papers recorded on the Consultation of the date noted on the margin, regarding a proposition to make the Furlough lapsing after the 31st March of each year available in the same manner as those which lapse on or before that date.

18th Jan. 1856, Nos. 69 to 71.

Read letters from the Governments of Bengal and the North-Western Provinces on the subject, dated respectively the 15th and 14th ultimo.

The Governor General in Council observes, that by the Original Furlough Rules of 1825 seventeen Furloughs were granted in each year, besides the untaken Furloughs of former years, but so that not more than fifty-one Civil Servants should be absent at once.

Preference was given *first* to applicants on Medical certificate, and *second* to qualified Civil Servants according to rank.

By the Rules of 1828, it was declared that Furloughs were to be considered as lapsed on the death, retirement or return of the holders, or on the expiry of three years from the date of his embarkation.

The Furloughs were ordered to be declared on the 1st November, all Furloughs available *on that date* being assigned, *first* to applicants on or before that date in order of rank, *second* either to ordinary or sick applicants during the ensuing year in order of application.

Furloughs lapsing after the 1st November were not available till the following 1st November, except to applicants on Medical certificate, who might take a Furlough at any time of the year, provided there was one available.

In 1839 the Rules were still further modified and made as they now stand, *viz.* :—

The Furloughs of the year were declared on the 1st November and assigned to applicants up to that date in order of rank; and the Furloughs lapsing after that date up to the 31st March following were also made available, *first* to applicants on Sick certificate in order of application, *second* to the remaining applicants on the 1st November in order of rank, and *third* to other applicants in order of application.

But Furloughs lapsing after the 31st March were not available till the following 1st November, except to applicants on Medical certificate.

The Governor General in Council observes, that the Furlough Rules now in force were passed before any regular communication with England by steam was established and when the season of departure from India was practically limited to the five months between the 1st November and the 31st March. There is now, in the opinion of His Lordship in Council, no sufficient reason why the Rules should not be so far altered as to allow of all the Furloughs falling in between the 31st March and the 1st November being given as they become available, instead of being kept back till the following 1st of November; and since the Lieutenant-Governors of Bengal and the North-Western Provinces, who were consulted on the subject, have no objection to this arrangement, His Lordship in Council is pleased to resolve, in modification of the existing Rule, that all Furloughs falling in between the 31st March and 31st October in each year shall be given, *first*, to applicants on Medical certificate; *second*, to applicants on or before the previous 1st November, according to standing in the Service; and *third*, to applicants after the previous 1st November, according to priority of application.

In all other respects the Rules will remain as at present.

Fort William, Foreign Department,
The 4th April 1856.

The grant of leave of absence to Staff Officers, on Medical certificate, with half Staff Allowances, for six months, and with the privilege of returning to their Offices, if their absence from India be not prolonged beyond fifteen months, is bestowed by the Hon'ble Court, in order to enable such Officers to regain their health, and in the expectation that they will be thereby qualified to render additional service to the Government. But if leave of absence be taken merely to run out a prescribed period of service, and without any intention of returning to duty, the principle on which the rule is founded is infringed, and the indulgence of the Hon'ble Court is abused; wherefore the Right Hon'ble the Governor General in Council hereby notifies for general information, that, if there be an avowed intention on the part of an Officer not to return to duty, or if the Government have valid grounds for concluding that the Officer has no intention to return to duty, the indulgence of leave on Sick certificate, retaining Office, will not be granted in future.

RULES FOR THE CUSTODY, DISTRIBUTION AND SALE OF POSTAGE STAMP LABELS

1. The Stamp Office in Calcutta, under the Superintendent of Stamps, shall be the Central Depôt for the distribution of Postage Stamps throughout India.

2. Supplies of Postage Stamps for the Madras Presidency, including Mysore and the Post Offices subordinate to Madras in the Nizam's Territory, shall be supplied on the Indent of the Superintendent of Stamps at Madras.

3. Supplies of Postage Stamps for the Presidency of Bombay, including Scinde, Berar, the Nagpore Territory, and Post Offices subordinate to Bombay in the Nizam's Territory, Baroda and the Southern Mahratta States, shall be supplied on the Indent of the Officer in charge of the distribution of the Judicial Stamps at Bombay.

4 Stamps for the Bengal Presidency, including the North-Western Provinces, the Punjab, the Sangor Territories, Bundlecund, Gwalior, Malwa, Rajpootana, Pegu, Assam, the Tenasserim Provinces and the Straits' Settlements, shall be supplied by the Superintendent of Stamps in Calcutta on the Indent of the Officers in charge of local Depôts.

5. The Officers in charge of the Central Depôts at Madras and Bombay shall, whenever it is practicable, keep in hand a supply of Postage Labels sufficient for the estimated demand for four months of the several local Depôts supplied by them, and shall indent* on Calcutta, whenever the Stamps in hand are fewer than have been expended during the preceding five months.

* Form 1.

6. Every Treasury throughout India, including those attached to Political, Customs, and Salt Agencies, shall be a local Depôt for the sale of Postage Stamps of the value of not less than Five Rupees of Labels at one time, and that the quantity sold shall not include less than one Rupee's worth of any particular value of Stamps, provided that at any Station at which there is a Collector of Land Revenue, neither a Salt Agent nor Collector of Customs shall be entrusted with the custody and sale of Postage Stamps.

7. A supply equal to the probable consumption for two months of the District attached to each local Depôt shall be kept in each, and as soon as the number in store has fallen below the number expended during the preceding three months, the Collector or other Officer in charge of the Depôt shall indent on the Central Depôt of his Presidency for the number required to prevent his stock from falling below the authorized amount. If by any accident the stock of Stamps of any value should run short before the receipt of a fresh supply from the Central Depôt, the Officer in charge of the Treasury will indent on neighbouring Districts for a quantity sufficient to meet the demand, which may be supplied or not according to the discretion, and on the responsibility of the Officer indented on, with reference to the wants of his own District. It will be the duty of the Superintendent of Stamps of the Presidency to report to the Director General of the Post Office, for the orders of Government, every occasion on which it may appear from the Monthly Statement, or otherwise, that the store of Stamps of any particular value in any District has fallen below the authorized amount.

8. A supply of Stamps for sale, by retail, shall be kept available at every Post Office, Receiving Houses, Tehsildaree, Thanna, and every Police Station at which letters are received for despatch, and with every licensed Stamp vendor, and it shall be the duty of the Officer, to whom the person in charge of any of the above-named places is subordinate, to take steps to ensure that the supply kept on hand is at all times equal to at least one week's demand.

9. No Account Current of Postage Stamps shall be kept at any subordinate Depôt. Stamps will be issued on credit from a Presidency Stamp Office to Officers in charge of Treasuries, but those Officers when selling the Stamps to Post-masters and other vendors for distribution to the public, will invariably require cash on delivery To all purchasers of Stamps of the value of Five Rupees or more, an allowance will be made of half an anna per Rupee from every five Rupees paid.

10. The bulk of Postage Stamps in Store at any local Depôt shall be kept in parcels containing a known number of sheets, in the Treasury or other secure place in one or more strong chests or presses, under double locks, the key of one lock of each chest or press always remaining in the hands of the Collector or other Officer in charge of the Stamps, and the key of the other in the hands of the Treasurer.

11. The remainder of the Stamps in Store shall be in the hands of the Treasurer and shall not exceed the probable demand of fourteen days, estimated according to the average of former sales

12. The Treasurer shall keep a Day-book of Receipts and Issues* in the Vernacular of the District, in which the transactions of each succeeding day shall be entered consecutively, a balance being struck at the close of each day and attested by the initials of the Officer in charge of the Treasury.

* Form 5.

13. On the first open day of each month, and on every Monday during the month, the Treasurer shall prepare in the Vernacular and submit to the Officer in charge of the Post Stamps an Indent* for a supply of Postage Stamps for the following week. The Indent, after being approved or altered by the Officer in charge of the Postage Stamps, shall be signed by him and complied with as directed in the following Rule. The Indent thus signed shall be the warrant for the issue of the Stamps.

* Form 6.

14. The Officer in charge of the Postage Stamps shall cause the Store under double locks to be opened, and the required number to be counted and delivered to the Treasurer in his presence. A Store-book* shall be kept in English, in which the number and value of the Stamps delivered to the Treasurer shall be entered, and a balance struck at the time of delivery. This balance will be attested by the initials of the Officer in charge and of the Treasurer, both of whom shall invariably be present during the whole time that the Store under double locks, or any part of it, remains open The deliveries shown in the Store-book will agree with the Indent as approved.

* Form 7.

15. If the Treasurer require Stamps at any intermediate time, the same process will be observed as is prescribed in the two preceding Rules.

16. Stamps will be supplied from the Store under double locks only to the Treasurer and on indent from him; all sales must be made from the supply in the hands of that Officer.

17. As soon as possible, after the arrival of a despatch of Postage Stamps from a Stamp Office or from any other district, the packets or boxes are to be opened one at a time, in the presence of the Officer in charge of Stamps. The Stamps contained in each box or packet are then to be immediately counted and compared with the Invoice* and a Receipt,† forwarded by the first Post to the Depôt whence they were despatched. Unless the Officer in charge of the Stamps can certify that the Stamps contained in any given packet or box were immediately counted by himself personally, or in his presence, he will be held responsible for the value of any that may be found deficient. The Stamps are then to be placed in the Store under double locks and entered in the Store-books, and no Stamps are to be delivered to the Treasurer or sold to any party without being first brought into Store.

* Form 2.
† Form 3.

18. Officers in charge of Stamps will have the Stamps in Store, both those under double locks and those in the hands of the Treasurer, counted in their presence on the last open day of October and April, in each official year, and will certify having done so in the following terms at the foot of the Monthly Abstract Account of Receipts and Sales for three months furnished to the Superintendent of Stamps :—

"*I do hereby certify, that I have personally counted the Postage Stamps in Store on* "185 , *the actual value of which is Rupees* (here enter the amount in words and figures ;) *and* "*that the Rules prescribed by the order of the Government of India dated* *are duly* "*observed.*"

19. On occasions of transfer of charge, Postage Stamps will be made over in the same manner, and under the same precautions, as the Cash Balance in the Treasury.

20. The Officer in charge of each local Depôt will submit on the 2nd of each month an Account* to the Superintendent of Stamps of his Presidency, showing the balance in hand at the close of the preceding month and the sales effected during that month.

* Form 4.

21. The Superintendent of Stamps of each Presidency will, on the 15th of each month, in addition to any Account required by the Accountant, furnish the Director General of the Post Office with a Memorandum* showing the number of Stamps distributed by him during the preceding month, and at the close of each quarter he will furnish an Abstract Memorandum,† showing the number and value of Stamps in hand and the total amount of the actual sales of all the local Depôts supplied by him.

15. In respect to Orphanages, the Governor General in Council is pleased to determine that, although the Government Orphanages are open to Roman Catholic Children as to all others, a sum equal to the monthly cost of maintaining a Child at the Lower Orphan School shall be paid over to the account of each Roman Catholic Child entitled to an allowance from the Government who may be received into a Roman Catholic Orphanage. As a necessary condition of this grant, His Lordship in Council is further pleased to determine that the inspection exercised under the General Educational Rules over all Schools receiving aid from Government shall be extended to such Orphanages, and that the most effectual measures shall be taken for securing the proper treatment and education of the Roman Catholic Children in the Institutions in question. It will be the duty of the Directors of Public Instruction at the several Presidencies to see that those orders are carefully observed.

No 583 *of* 1856 —Under instructions from the Hon'ble the Court of Directors, the Right Hon'ble the Governor General in Council is pleased to publish the following Notification :—

The grant of Leave of Absence to Staff Officers on Medical certificate, with half Staff Allowances for six months, and with the privilege of returning to their Offices, if their absence from India be not prolonged beyond fifteen months, is bestowed by the Hon'ble Court, in order to enable such Officers to regain their health, and in the expectation that they will be thereby qualified to render additional Service to the Government. But if Leave of Absence be taken merely to run out a prescribed period of service and without any intention of returning to duty, the principle on which the rule is founded is infringed, and the indulgence of the Hon'ble Court is abused. Wherefore the Right Hon'ble the Governor General in Council hereby notifies for general information, that, if there be an avowed intention on the part of an Officer not to return to duty, or if the Government have valid grounds for concluding that the Officer has no intention to return to duty, the indulgence of Leave on Sick certificate, retaining Office, will not be granted in future.

Fort William, 11*th April* 1856.

No. 585 *of* 1856.—The Right Hon'ble the Governor General of India in Council is pleased to direct that the privilege accorded to Syce Drivers of making remittances at par by Family Remittance Drafts, be extended to the Ordnance Drivers of Light Field Batteries.

No. 586 *of* 1856.—The Right Hon'ble the Governor General of India in Council is pleased to direct that the following Extract from a Military Letter from the Hon'ble the Court of Directors to the Government of India, No. 177, dated 19th December 1855, be published for general information :—

Letter from the Governor General, dated 28th September 1855.

A memorial transmitted from Lieutenant William Williamson, 41st Native Infantry, praying 1st.—That Rule 3 of the new Furlough Regulations may be cancelled; and 2nd, that leave *in India* on Medical certificate, or on any urgent private affairs, may be allowed to reckon as service, as was and is still the case under the old Rules.

Para. 2. Under the new Rules, Officers absent from duty, are allowed to count, to a prescribed extent, time of absence as service for the Pension on full pay, whether the time has been passed in Europe, or at the Cape, or at the Sanatorial Hills, or elsewhere; and in order that Officers then in the service might have the *immediate* advantage of this Rule, they are, by Rule No. 3, allowed its benefits retrospectively as well as prospectively. Thus, Officers who previously could not count any portion of the time spent in Europe as service for the Pension, are enabled to do so; and they claim, in consequence, a rate of Pension which could not otherwise have been claimed in some instances until after two, three or four years of additional service. Of those who have retired on full pay since the Rules were established, a considerable proportion have claimed and received this advantage.

3. On the other hand, Officers who had spent such lengthened periods at the Cape of Good Hope or elsewhere within Indian limits, as exceed the privileged time allowed by the new Rule, have to consider whether it will be for their advantage to adhere to the old Rules, and in many instances have determined to do so in virtue of the option allowed to them.

4. If Rule 3 were to be abolished, as now proposed by your Government, the effect would be that Officers adopting the new Rules, who had taken their leaves of absence at the Cape and elsewhere within Indian limits, with the enjoyment of Indian Allowances, would count all that time for the Pension, whilst those who had taken their Furlough to Europe with Regimental Pay only would be deprived of any such advantage.

5. We cannot admit that this change would be satisfactory, neither can we approve of still further increasing the privileged time of absence by adding to it all leaves of absence in India. We must therefore decline to comply with the prayer of Lieutenant Williamson's memorial.

No. 587 *of* 1856.—The under-mentioned Officer is permitted to proceed to Europe, on leave of absence, on Sick certificate :—

Captain Augustine Allen, of the 55th Regiment Native Infantry, Superintendent of the Workshops of the Instrument Depôt at Roorkee, ... } For fifteen months under the new Regulations.

Penalty on master in certain cases if a deserter be concealed on board his ship.

I. If it shall appear that any officer or soldier, being a deserter from the said Forces, has been concealed on board any merchant vessel, and that the master or person in charge of such vessel for the time being, though ignorant of the fact of such concealment, might have known of the same but for some neglect of his duty as such master or person, or for the want of proper discipline on board his vessel, such master or person shall be liable to a fine not exceeding five hundred Rupees. Provided always, that no conviction for such offence as is hereinbefore described shall be lawful, unless the same shall be stated in the charge which the party is called upon to answer; and in such charge, it shall be lawful to state in the alternative, that the party has either knowingly harboured or concealed a deserter on board his vessel, or has, by neglect of duty or by reason of the want of proper discipline on board the vessel, allowed such deserter to be so concealed.

Saving of proceedings under Act No. XIV of 1840.

IV. Nothing in this Act contained shall prevent any Justice of the Peace, Magistrate, or other Officer having authority in that behalf, from committing for trial any person who shall be charged with an offence punishable under Act No. XIV of 1849, or any other Act hereafter to be in force, notwithstanding that such offence may be also punishable under this Act. Provided that no proceedings shall have been had against such person in respect of the same offence under this Act.

Warrant to whom to be addressed and by whom to be executed.

VI. The warrant to be issued under the preceding Section may be addressed to any European officer or soldier of the said forces, or to all constables, peace officers, and other persons who may be bound to execute the warrant of any Justice of the Peace, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate, and acting in the execution of this Act; and all such persons shall be bound to execute, perform, and obey such warrant.

VII. Control and management of pounds.

IV. The pounds shall be under the control of the Magistrate of the district, and for each pound a pound-keeper shall be appointed, who shall keep such registers and furnish such returns as the Local Government shall direct. The complaint may be either verbal, in which case the substance of it shall be taken down in writing by the Moonsiff, or written upon plain paper, and shall be preferred by the complainant in person, or by an agent personally acquainted with the circumstances. The Moonsiff, if, on examination of the complainant or his agent, he shall see reason to believe the complaint to be well founded, shall summon the party complained against, and shall proceed to make a summary enquiry into the case. If the seizure be adjudged illegal, the Moonsiff shall award to the complainant such damages, not exceeding in any case the sum of Rupees one hundred, as he may deem to be a reasonable compensation for any loss or injury sustained from the unlawful seizure and detention, together with all

expenses incurred by the complainant in procuring the release of the Cattle; or, if the Cattle have not been released, the Moonsiff, in addition to the award of damages, shall make an order for their release, and shall direct that the fines and expenses leviable under this Act shall be paid by the party who made the seizure. All decisions passed by the Moonsiffs under this Section shall be final, and not open to appeal, unless the ground of appeal be a question of law, or some other ground on which a special appeal would lie in a regular suit.

Any person who shall wilfully damage, or cause or permit to be damaged, any crop or other produce of land, by driving or allowing Cattle to trespass thereon, shall be liable for such offence to imprisonment for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both. The aforesaid penalties may be adjudged by a Magistrate on the complaint of any person authorized to seize Cattle under Section II of this Act, or of any person who may have made advances for the cultivation of the land and delivery of the produce, and the fine may be recovered by sale of the Cattle by which the trespass was committed, or any portion of them, whether the Cattle were seized in the act of trespassing or not, and whether such Cattle are the property of the person convicted of the offence, or were only in his charge when the trespass was committed. All fines recovered under this Section may be appropriated in whole or in part to compensate the complainant for damage proved to the satisfaction of the Magistrate.

Saving of right of parties to institute a suit for the recovery of damages in any competent Court.

Proviso.

Provided that any compensation which may have been paid to any such person under the last preceding Section shall be set off and deducted from any sum claimed by or awarded to him as damages in such suit.

Local Government, with the sanction of the Governor General in Council, may exclude any district, &c. from the operation of this Act.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 15TH APRIL 1856.

No. 590 *of* 1856.—Additional precautions for the identification of Native Pensioners being requisite, the Right Hon'ble the Governor General of India in Council is pleased to substitute the following Rules for paras. 24 to 27 Section XLIV. of the General Regulations of the Bengal Army :—

Immediately on receipt of the proceedings of Invaliding Committees, the Commanding Officer of a Regiment will apply to the nearest Pension Pay-master for such numbers of Pension Rolls and Parchment Certificates in the annexed Forms A. and B., as may be required for the men invalided from his Corps. The Pension Rolls he will fill up, as heretofore, with accurate descriptions of the individuals, and a specification of the places where they wish to reside and draw their stipends, inserting at the same time, in the column headed "Indelible Marks," the size and situation of any wounds, scars, moles or other peculiarities tending to identification of the Pensioners.

In the column of "Next of Kin" the names, age and occupation of two of the Pensioner's sons, or nearest male relatives, are invariably to be noted; also the name of the person to whom he wishes all arrears due to him at the time of his death to be paid. The column for prominent occurrences in life will show the number of battles or sieges where the Pensioner may have served, also the occasions on which Medals, or other honorary rewards, were received. The amount of monthly stipend is to be written in words, as well as figures.

The Commanding Officer will next fill up the Parchment Certificate, and supply the marginal entries, which are necessary, showing the Pensioner's service, stature, color of hair and eyes, and his age when pensioned. The Certificate must be made payable by a Pension Pay-master.

The Roll and Parchment Certificate, when carefully completed, are to be transmitted for registry (with last Pay Certificates attached) to Meerut or Allahabad, whichever may be nearest to the place of residence selected by the Pensioner; after registry they will be forwarded by the Registering Officer to the proper Pension Pay-master.

The Pension Pay-master will retain the Pension Roll in original as a record in his Office, while he will forward the Parchment Certificate to the Regiment for delivery to the Pensioner, with a Draft for the six months' advance, having first copied the Certificate in a book which he will keep for that purpose.

Any Pension Roll or Parchment Certificate which may be deficient in the information above required, is to be returned for correction by the Registering Officer.

On the Pensioner appearing to draw his stipend, the Pension Pay-master will carefully compare the Pension Roll recorded in his Office with the person of the Pensioner, and will enter in the Roll any further particulars which may come under his observation, while he will take the receipt of the Pensioner for his stipend on the back of the Roll.

These Rules are equally applicable to individuals on the Native Family Pension Establishment a Parchment Certificate in Form C. being given to them, while the Pension Pay-master in whose circle they are to reside will prepare their Pension Roll according to Form D. for record in his Office.

On authorized transfer of Pensioners from one circle to another, their Pension Rolls will be transferred by the Pay-master whose circle they may quit to the Pay-master of the circle in which they may be going to reside.

On the Pensioner's death, and the payment of arrears due on his account, the Pension Roll and Parchment Certificate will be forwarded by the Pension Pay-master to the Military Auditor General.

These Regulations will apply only to Native Invalid or Family Pensioners admitted on or after the 1st May 1856.

Military Department.

No. 26 of 1856.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. Referring to the announcement made in the *London Gazette* of the 8th January 1856, of the promotion by special Brevet of several Officers, and of the ante-date of the Commissions of several others, we now transmit a copy of the Extract from a letter from Viscount Hardinge, to the Right Hon'ble Sir Charles Wood, dated the 6th October 1853, and of a letter from Major General Yorke, dated the 28th January 1856, expressing the views of the Field Marshal Commanding in Chief as to the principles which should govern the recommendations of Officers for special Brevet on account of distinguished services performed in action whilst in a Subaltern rank.

2. We entirely recognize the justice of the views expressed by Viscount Hardinge in these documents, and we desire that the principles enunciated in them may be duly observed.

We are, &c.,

(Signed) E MACNAGHTEN,

And Nine other Directors.

LONDON.
20*th February* 1856.

Extract Letter from Viscount Hardinge to the Right Hon'ble Sir Charles Wood, dated 6th October 1853.

"It is on general grounds very desirable to expedite the promotion of the Seniority Service, provided the individual cases can be so clearly made out, that the Brevet promotion conferred upon those who are selected shall not cast any reflection on the Senior Officers of the same regiment employed in the same Campaign, or in the same action.

"The Senior Major of a regiment being recommended for the Brevet Rank of Lieutenant-Colonel, and the Senior Captain for the Brevet of Major, is a public recognition of the good conduct of the Regiment, and can cast no reproach, when no Senior Officer is superseded by a Junior, or if, when a Senior is superseded, some justifiable cause can afford the necessary explanation.

"If, on the other hand, the Senior Lieutenant be recorded for the Brevet Rank of Major on being promoted to a Company in his regiment, he at once supersedes, in the Army rank of Major, every Captain of his regiment, he obtains two steps at once, and the acts of valour, and of skill, or of good fortune, which can alone entitle him to such a preference, must be of a character so distinct and meritorious as clearly to prove that the preference shown is so manifestly deserved, that it can cast no reproach on the Senior Officers of his own regiment thus superseded.

"During the Sutlej and Punjaub Campaigns several Lieutenants had been employed on separate and distinct services, which caused them, when the War broke out, to be placed in Command of Irregular Corps, and in some instances in the Command of Armies. Majors Edwardes, Lake, Nicholson, and others, were of this class; also Officers of the Staff performing distinguished services with their Generals, and when Regiments were not in action, and where no comparative good conduct would be called in question."

SIR THOMAS REDINGTON,
&c. &c. &c.

SIR,

THE promotion of Officers of the East India Company's Service, who had been recommended for Brevet Rank on their becoming Captains, for services performed as Subalterns in the Scinde and Sutlej Campaigns, having been carried out in the *Gazette* of the 8th instant, and these claims of long standing having been thus adjusted, I am directed by the Field Marshal Commanding in Chief to state that, in his opinion, it is very desirable that the practice of recording in future Subaltern Officers for promotion, on their attaining the rank of Captain, should be brought under the consideration of the Directors of the East India Company.

Viscount Hardinge, in his letter to Sir Charles Wood, of the 6th of October 1853, recorded his opinion of the principle that must be kept in view in deciding upon such claims, the justice of

which has been fully admitted by the Court of Directors. The late promotions above referred to were therefore governed by that principle, and no Officer was then promoted, unless for service performed when detached from his regiment. But the Field Marshal considers that it is very inexpedient in future to make such a reward as that of conferring at once two steps of rank so common as to grant it to a number of Officers who may have done their duty well during a Campaign in Staff appointments, or in other detached situations, but whose services may not have been of a particularly distinguished character.

Services such as were performed by the present Lieutenant-Colonels Edwardes, Lake and Nicholson, and a few other Officers of the East India Company's Army, while Subalterns, certainly merit every acknowledgment, and in such cases, and others, where a Subaltern Officer may have very particularly distinguished himself when detached from his regiment, though the service may not have been of the same importance as that rendered by the Officers above referred to, the Field Marshal considers, that it would be quite right to confer a step of Brevet Rank on such Subaltern as soon as he may become a Captain; but a reward which ought to be deemed extraordinary should, in His Lordship's opinion, be confined to such cases and not granted so generally to Staff Officers and others as has lately been the practice.

The Field Marshal would therefore suggest for Mr. Vernon Smith's consideration, that a communication should be made to the Chairs on the subject, and that it should be understood that in future no claim of a Subaltern Officer to be promoted to Brevet Rank on his becoming Captain can be admitted, unless the service, besides having been performed when detached from his regiment, be of a character so distinguished as to justify what should be deemed an extraordinary reward. The nature of the service should in such case be specified in the recommendation of the Officer which would be forwarded by the General Officer in Command.

Thus, this mode of rewarding Officers would be brought into stricter conformity with the spirit of the provisions of the Promotion Warrant.

I have, &c.,
(Signed) C. YORKE.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 11th April 1856, and is hereby promulgated for general information :—

ACT No. IX OF 1856.

An Act to amend the Law relating to Bills of Lading.

Preamble.

WHEREAS by the custom of Merchants a Bill of Lading of goods being transferable by endorsement, the property in the goods may thereby pass to the endorsee, but nevertheless all rights in respect of the contract contained in the Bill of Lading continue in the original shipper or owner, and it is expedient that such rights should pass with the property ; and whereas it frequently happens that the goods in respect of which Bills of Lading purport to be signed have not been laden on board, and it is proper that such Bills of Lading in the hands of a *bonâ fide* holder for value should not be questioned by the Master or other person signing the same, on the ground of the goods not having been laden as aforesaid : It is enacted as follows :—

Right under Bills of Lading to vest in consignee or endorsee.

I. Every consignee of goods named in a Bill of Lading, and every endorsee of a Bill of Lading to whom the property in the goods therein mentioned shall pass, upon or by reason of such consignment or endorsement, shall have transferred to and vested in him all rights of suit, and be subject to the same liabilities in respect of such goods as if the contract contained in the Bill of Lading had been made with himself.

Not to affect right of stoppage *in transitu* or claims for freight.

II. Nothing herein contained shall prejudice or affect any right of stoppage *in transitu*, or any right to claim freight against the original shipper or owner, or any liability of the consignee or endorsee by reason or in consequence of his being such consignee or endorsee, or of his receipt of the goods by reason or in consequence of such consignment or endorsement.

Bill of Lading in hands of consignee, &c., conclusive evidence of the shipment as against Master, &c.

III. Every Bill of Lading in the hands of a consignee or endorsee for valuable consideration, representing goods to have been shipped on board a vessel, shall be conclusive evidence of such shipment as against the Master or other person signing the same, notwithstanding that such goods, or some part thereof, may not have been so shipped, unless such holder of the Bill of Lading shall have had actual notice at the time of receiving the same that the goods had not in fact been laden on board. Provided that the Master or other person so signing may exonerate himself in respect of such misrepresentation, by showing that it was caused without any default on his part, and wholly by the fraud of the shipper, or of the holder, or some person under whom the holder claims.

Legislative Council.

The 12th April 1856.

The following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 11th April 1856, and is hereby promulgated for general information :—

Act No XI of 1856.

An Act for the better prevention of desertion by European Soldiers from the Land Forces of Her Majesty and of the East India Company in India.

Preamble.

Whereas it is expedient to make better provision for apprehending and detaining European deserters from the Land Forces in the Service of Her Majesty and of the East India Company in India, and for punishing persons who aid and encourage such deserters: It is enacted as follows:—

Penalty on master in certain cases if a deserter be concealed on board his ship.

I. If it shall appear that any officer or soldier being a deserter from the said Forces, has been concealed on board any merchant vessel, and that the master or person in charge of such vessel for the time being, though ignorant of the fact of such concealment, might have known of the same but for some neglect of his duty as such master or person, or for the want of proper discipline on board his vessel, such master or person shall be liable to a fine not exceeding five hundred Rupees. Provided always, that no conviction for such offence as is hereinbefore described shall be lawful, unless the same shall be stated in the charge which the party is called upon to answer; and in such charge, it shall be lawful to state in the alternative, that the party has either knowingly harboured or concealed a deserter on board his vessel, or has, by neglect of duty or by reason of the want of proper discipline on board the vessel, allowed such deserter to be so concealed.

Proviso.

Charge may be in the alternative.

Jurisdiction.

II. Any person, whether a European British subject or not, who shall be guilty of an offence punishable under this Act, shall be punishable for the same by any Justice of the Peace for any of the Presidency Towns of Calcutta, Madras, and Bombay, or for any of the Settlements of Prince of Wales' Island, Singapore, and Malacca, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate in any Port within the Territories of the East India Company within whose jurisdiction the offence may have been committed, or such person may have been apprehended or found, whether the offence shall have been committed within the local limits of the jurisdiction of such officer or not; and any person hereby made punishable by a Justice of the Peace shall be punishable on summary conviction.

Conviction to be quashed on merits only: form of conviction, &c.

III. No conviction, order, or judgment of any Justice of the Peace shall be quashed for error of form or procedure, but only on the merits; and it shall not be necessary to state on the face of the conviction, order, or judgment, the evidence on which it proceeds; but the depositions taken, or a copy of them, shall be returned with the conviction, order, or judgment, in obedience to any writ of *certiorari*; and if no jurisdiction appears on the face of the conviction, order, or judgment, but the depositions taken supply that defect, the conviction, order, or judgment shall be aided by what so appears in such depositions.

Saving of proceedings under Act No. XIV of 1849.

IV. Nothing in this Act contained shall prevent any Justice of the Peace, Magistrate, or other Officer having authority in that behalf, from committing for trial any person who shall be charged with an offence punishable under Act No. XIV of 1849, or any other Act hereafter to be in force, notwithstanding that such offence may be also punishable under this Act. Provided that no proceedings shall have been had against such person in respect of the same offence under this Act.

Proviso.

Commanding Officer may issue warrants for apprehension of deserters.

V. Whenever, on information given on oath or solemn affirmation, where by law a solemn affirmation may be used instead of an oath, to the Commanding Officer of any fort, garrison, station, regiment, or detachment, at any port or place within the Territories of the East India Company, in which no person lawfully exercising magisterial powers can be found, which oath or affirmation the several persons above-named shall severally under this Act have power to administer; or whenever, on such information as aforesaid given to any Justice of the Peace, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate, having jurisdiction within such port or place, there shall appear reason to suspect that any European officer or soldier belonging to the said forces, who may have deserted or be absent without leave, is on board any ship, vessel, or boat, or is concealed on shore at any such port or place within the Territories of the East India Company, it shall be lawful for such Commanding Officer or Justice of the

Peace, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate as aforesaid, to issue a warrant authorizing the person or persons to whom such warrant may be addressed, to enter into and search, at any time of the day or night, any such ship, vessel, or boat, or any house or place on shore, and to apprehend any such officer or soldier, and to detain him in custody in order to his being dealt with according to law.

Warrant to whom to be addressed and by whom to be executed.

VI. The warrant to be issued under the preceding Section may be addressed to any European officer or soldier of the said forces, or to all constables, peace officers, and other persons who may be bound to execute the warrant of any Justice of the Peace, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate, and acting in the execution of this Act; and all such persons shall be bound to execute, perform, and obey such warrant.

Persons apprehended how to be dealt with, &c

VII. Every person who shall be apprehended under any warrant under the 5th Section of this Act, shall be brought without delay before a Justice of the Peace, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate, in or near the place wherein such person shall have been arrested, who shall examine such person, and, if he shall be satisfied, either by the confession of such person or the testimony of one or more witness or witnesses, or by his own knowledge, that such person is a deserter from the said forces, shall cause him to be delivered, together with any depositions and papers relative to the case, to the Commanding Officer of the regiment, corps, or detachment to which he shall belong, if the same shall be in or near the place of such arrest, or, if otherwise, then to the Commanding Officer of the nearest military station, in order that he may be dealt with according to law.

THE following Bill was read a second time in the Legislative Council on the 12th April 1856, and was referred to a Select Committee who are to report thereon after the 16th of July next:—

A Bill relating to trespasses by Cattle.

Preamble.

WHEREAS loss and injury are suffered by cultivators and occupiers of land from damage done to crops and other produce of land, by the trespass of Cattle; and whereas it is expedient to authorize the seizure and detention of Cattle doing damage, and to make provision for the punishment of persons wilfully causing such damage; It is enacted as follows:—

Laws repealed and modified.

I. Section IV Regulation V. 1830 of the Bengal Code is hereby repealed; and such parts of Sections XII and LII Regulation XI. 1816 of the Madras Code, and of Sections XIX, XLV, and LIII Regulation XII. 1827 of the Bombay Code, as authorize the Magistrates or Police Officers to take charge and dispose of stray Cattle, are declared subject to the following modifications.

Cattle doing damage to crop or produce may be seized and impounded.

II. It shall be lawful for the cultivator or occupier of any land to seize, or cause to be seized, any cattle trespassing on such land, and doing damage to any crop or produce thereon, and to convey them to the pound established for the village in which the land is situate. Village and other Police Officers, when called upon, shall give their aid to cultivators and occupiers making such seizures.

Pounds where and at what distances to be established.

III. Pounds shall be established at the thannahs or district Police stations, and at such other places as the Magistrate, under the orders of the Local Government, may determine. The village or villages by which every pound is to be used shall be determined and notified by the Magistrate; and when a pound is intended for the use of more than one village, the site shall be so fixed that it shall not be necessary to drive Cattle more than five miles for the purpose of impounding them.

Control and management of pounds.

IV. The pounds shall be under the control of the Magistrate of the district, and for each pound a pound-keeper shall be appointed, who shall keep such registers and furnish such returns as the Local Government shall direct. Provided that, in the Presidencies of Fort St. George and Bombay, the heads of villages and Police patells shall be ex-officio the keepers of village pounds.

When Cattle are brought to a pound, the pound-keeper shall enter in his register the number and description of the animals, the name and residence of the seizer, and the name and residence of the owner if known, and shall give a copy of the entry to the seizer. The pound-keeper shall take charge of and feed the Cattle until disposed of as hereinafter directed.

Procedure, if owner appear and claim the Cattle.

VI. If the owner appear and claim the Cattle, and his claim be attested by some person known in the place in which the pound is established, they shall be delivered to him on payment of a fine for each head of Cattle according to the following scale:—

	Annas.
Camel or Buffalo, ...	8
Horse or Tattoo, Bull, Bullock, or Cow,...	4
Calf or Ass,.....	2
Sheep or Goat, ...	1

together with the expense of feeding the Cattle at such daily rate as may be fixed by the Magistrate under the orders of the Local Government. The owner, on taking back his Cattle, shall give the pound-keeper a receipt for them, countersigned by the person who attests his claim.

Procedure, if Cattle be not claimed within a specified time.

VII. If the Cattle be not claimed within seven days, the pound-keeper shall make his report to the darogah or district Police Officer, who shall stick up in a conspicuous part of the Police Office a notice containing a statement of the number and description of the Cattle, the place where they were seized, and the place where they are impounded, and shall cause proclamation of the same to be made by beat of

drum in the village, and at the market place, nearest to the place of seizure. If the Cattle be not claimed within ten days from the date of the notice, they shall be sold by public auction by the darogah or district Police Officer, or an officer of his establishment deputed for the purpose.

Procedure, if owner appear and refuse or omit to pay the fines and expenses.

VIII. If the owner appear, and refuse or omit to pay the fines and expenses, the Cattle, or as many of them as may be necessary, shall be sold by public auction for the recovery of such fines and expenses by the darogah or other officer as aforesaid; and the remaining Cattle, and the balance of the purchase money, if any, shall be delivered to the owner, together with an account showing the number of Cattle seized, the time during which they have been impounded, the charge for fines and expenses, the number of Cattle sold, the proceeds of sale, and the manner in which those proceeds have been disposed of; and the owner shall grant a receipt for the Cattle delivered to him and for the balance of the purchase money paid to him (if any) according to such account. Provided always, that if a complaint against the seizure shall have been preferred under the provisions of Section XVI of this Act, no sale shall be made until the case shall have been decided, nor otherwise than according to the order which may be passed in such case.

Proviso.

Police Officers and pound-keepers not to purchase Cattle sold under this Act.

IX. Police Officers and pound-keepers are prohibited, on pain of dismissal from office, from becoming purchasers of any Cattle sold under this Act.

Disposal of sale proceeds, fines, and expenses.

X. When Cattle are sold under the provisions of this Act, the fines leviable under this Act, and the expenses of feeding, according to the rates fixed by the Magistrate, together with the expenses of sale, if any, shall be deducted from the sale proceeds. The fines so recovered, as well as all fines received by the pound-keepers under Section VI, shall be transmitted by the Darogah, or district Police Officer, to the Magistrate, who shall carry the same to the credit of Government. The expenses of feeding realized by sale shall be paid over to the pound-keepers, who shall also retain and appropriate all sums received by them on account of such expenses under Section VI. The surplus proceeds of the sale of unclaimed Cattle shall be transmitted to the Magistrate, who shall hold them in deposit for three months, and if no claim to them be preferred and established within that period, shall, at its expiry, carry the amount to the credit of Government.

Salaries may be assigned to pound-keepers.

XI. The Local Government may assign salaries to pound-keepers, to be paid out of the sums credited to Government on account of fines and the sale of unclaimed Cattle.

Penalty for pound-keeper charging unauthorized sums, either as fine or for expenses.

XII. A Schedule of the fines leviable under this Act, and of the rates of charge fixed by the Magistrate for the expense of feeding impounded Cattle, shall be stuck up in a conspicuous place on or near to every pound; and any pound-keeper who shall demand or receive as fine a larger sum than is prescribed by this Act, or shall charge the expense of feeding any Cattle at a higher rate than that fixed by the Magistrate, shall, on conviction by a Magistrate, be liable to imprisonment for a period not exceeding three months, or to a fine not exceeding one hundred Rupees, or to both.

Penalty for pound-keeper releasing Cattle without payment of fine or not registering any fine received by him.

XIII. Any pound-keeper who shall release any Cattle brought to him for the purpose of being impounded, without receiving from the owner or claimant the fine prescribed by this Act, unless release shall have been ordered by the Moonsiff under Section XVI of this Act, or shall omit to bring to account in the register and return which he shall be required by the Local Government to keep and furnish, any fine received by him for the release of impounded Cattle, shall, on conviction by a Magistrate, be liable to the penalty or penalties prescribed in the last preceding Section.

Penalty for pound-keeper neglecting to feed any Cattle under his charge.

XIV. Any pound-keeper who shall neglect to feed any Cattle made over to his charge, shall be liable to a fine not exceeding fifty Rupees, the whole or any portion of which may be made over to the owner in compensation for any loss or injury that may occur from such neglect, and the same may be enquired into and adjudged by a Magistrate on the complaint of the owner of the Cattle, or on the information of any other person.

Penalty for forcibly opposing the seizure of Cattle or rescuing the same.

XV. Every person who shall forcibly oppose the seizure of Cattle doing damage, to crops or other produce of land, or shall forcibly rescue the same after seizure either from a pound or from the seizer when conveying or about to convey them to a pound, shall, on conviction by a Magistrate, be liable to imprisonment for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both. Offences under this Section shall be dealt with by the Police Officers according to the provisions of Section XXV Regulation XX. 1817 of the Bengal Code, Section XXVII Regulation XI. 1816 of the Madras Code, and Section XLIII Regulation XII. 1827 of the Bombay Code.

Owner may prefer complaint to Moonsif within fifteen days from date of seizure of his Cattle. Mode of procedure.

XVI. Any person whose Cattle shall have been seized and detained as doing damage to crops or other produce, may prefer a complaint against the seizure to the Moonsiff, at any time within fifteen days from the date thereof. The complaint may be either verbal, in which case the substance of it shall be taken down in writing by the Moonsiff, or written upon plain paper, and shall be preferred by the complainant in person, or by an agent personally acquainted with the circumstances. The Moonsiff, if, on examination of the complainant or his agent, he shall see reason to believe the complaint to be well founded, shall summon the party complained against, and shall proceed to make a summary enquiry into the case. If the seizure be adjudged illegal, the Moonsiff shall award to the complainant such damages, not exceeding in any case the sum of Rupees one hundred, as he may deem to be a reasonable compensation for any loss or injury sustained from the unlawful seizure and detention, together with all

expenses incurred by the complainant in procuring the release of the Cattle; or, if the Cattle have not been released, the Moonsiff, in addition to the award of damages, shall make an order for their release, and shall direct that the fines and expenses leviable under this Act, shall be paid by the party who made the seizure. All decisions passed by the Moonsiffs under this Section shall be final, and not open to appeal, unless the ground of appeal be a question of law, or some other ground on which a special appeal would lie in a regular suit.

Penalty for wilfully damaging, &c. any crops or other produce by driving or allowing Cattle to trespass thereon.

XVII. Any person who shall wilfully damage, or cause or permit to be damaged, any crop or other produce of land, by driving or allowing Cattle to trespass thereon, shall be liable for such offence to imprisonment for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both. The aforesaid penalties may be adjudged by a Magistrate on the complaint of any person authorized to seize Cattle under Section II of this Act, or of any person who may have made advances for the cultivation of the land and delivery of the produce, and the fine may be recovered by sale of the Cattle by which the trespass was committed, or any portion of them, whether the Cattle were seized in the act of trespassing or not, and whether such Cattle are the property of the person convicted of the offence, or were only in his charge when the trespass was committed. All fines recovered under this Section may be appropriated in whole or in part to compensate the complainant for damage proved to the satisfaction of the Magistrate.

Saving of right of parties to institute a suit for the recovery of damages in any competent Court.

Proviso.

XVIII. Nothing contained in this Act shall be held to prohibit any person, whose crops or other produce of land shall have been damaged by trespass of Cattle, from instituting a suit for the recovery of damages in any competent Court. Provided that any compensation which may have been paid to any such person under the last preceding Section shall be set off and deducted from any sum claimed by or awarded to him as damages in such suit.

Local Government, with the sanction of the Governor General in Council, may exclude any district, &c. from the operation of this Act.

XIX. The Local Government, with the sanction of the Governor General in Council, may exclude from the operation of this Act any district or tract of country to which its provisions may be judged unsuitable.

Preamble. WHEREAS it is expedient to make better provision for apprehending and detaining European deserters from the Land Forces in the Service of Her Majesty and of the East India Company in India, and for punishing persons who aid and encourage such deserters : It is enacted as follows :—

Penalty on master in certain cases, if a deserter be concealed on board his ship.

I. If it shall appear that any officer or soldier being a deserter from the said Forces, has been concealed on board any merchant vessel, and that the master or person in charge of such vessel for the time being, though ignorant of the fact of such concealment, might have known of the same, but for some neglect of his duty as such master or person, or for the want of proper discipline on board his vessel, such master or person shall be liable to a fine not exceeding five hundred Rupees. Provided always, that no conviction for such offence as is hereinbefore described shall be lawful, unless the same shall be stated in the charge which the party is called upon to answer; and in such charge, it shall be lawful to state in the alternative, that the party has either knowingly harboured or concealed a deserter on board his vessel, or has, by neglect of duty or by reason of the want of proper discipline on board the vessel, allowed such deserter to be so concealed.

Warrant to whom to be addressed and by whom to be executed.

VI. The warrant to be issued under the preceding Section may be addressed to any European officer or soldier of the said forces, or to all constables, peace officers, and other persons who may be bound to execute the warrant of any Justice of the Peace, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate, and acting in the execution of this Act; and all such persons shall be bound to execute, perform, and obey such warrant.

Legislative Council.

The 12th April 1856.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 11th April 1856, and is hereby promulgated for general information :—

ACT No. IX OF 1856.

An Act to amend the Law relating to Bills of Lading.

Preamble.

WHEREAS by the custom of Merchants a Bill of Lading of goods being transferable by endorsement, the property in the goods may thereby pass to the endorsee, but nevertheless all rights in respect of the contract contained in the Bill of Lading continue in the original shipper or owner, and it is expedient that such rights should pass with the property ; and whereas it frequently happens that the goods in respect of which Bills of Lading purport to be signed have not been laden on board, and it is proper that such Bills of Lading in the hands of a *bonâ fide* holder for value should not be questioned by the Master or other person signing the same, on the ground of the goods not having been laden as aforesaid : It is enacted as follows :—

Rights under Bills of Lading to vest in consignee or endorsee.

I. Every consignee of goods named in a Bill of Lading, and every endorsee of a Bill of Lading to whom the property in the goods therein mentioned shall pass, upon or by reason of such consignment or endorsement, shall have transferred to and vested in him all rights of suit, and be subject to the same liabilities in respect of such goods as if the contract contained in the Bill of Lading had been made with himself.

Not to affect right of stoppage *in transitu* or claims for freight.

II. Nothing herein contained shall prejudice or affect any right of stoppage *in transitu*, or any right to claim freight against the original shipper or owner, or any liability of the consignee or endorsee by reason or in consequence of his being such consignee or endorsee, or of his receipt of the goods by reason or in consequence of such consignment or endorsement.

Bill of Lading in hands of consignee, &c., conclusive evidence of the shipment as against Master, &c.

III. Every Bill of Lading in the hands of a consignee or endorsee for valuable consideration, representing goods to have been shipped on board a vessel, shall be conclusive evidence of such shipment as against the Master or other person signing the same, notwithstanding that such goods, or some part thereof, may not have been so shipped, unless such holder of the Bill of Lading shall have had actual notice at the time of receiving the same that the goods had not in fact been laden on board. Provided that the Master or other person so signing may exonerate himself in respect of such misrepresentation by showing that it was caused without any default on his part, and wholly by the fraud of the shipper, or of the holder, or some person under whom the holder claims.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 11th April 1856, and is hereby promulgated for general information :—

ACT No XI OF 1856.

An Act for the better prevention of desertion by European Soldiers from the Land Forces of Her Majesty and of the East India Company in India.

Preamble. WHEREAS it is expedient to make better provision for apprehending and detaining European deserters from the Land Forces in the Service of Her Majesty and of the East India Company in India, and for punishing persons who aid and encourage such deserters : It is enacted as follows:—

Penalty on master in certain cases, if a deserter be concealed on board his ship. I. If it shall appear that any officer or soldier being a deserter from the said Forces, has been concealed on board any merchant vessel, and that the master or person in charge of such vessel for the time being, though ignorant of the fact of such concealment, might have known of the same, but for some neglect of his duty as such master or person, or for the want of proper discipline on board his vessel, such master or person shall be liable to a fine not exceeding five hundred Rupees. Provided always, that no conviction for such offence as is hereinbefore described shall be lawful, unless the same shall be stated in the charge which the party is called upon to answer; and in such charge, it shall be lawful to state in the alternative, that the party has either knowingly harboured or concealed a deserter on board his vessel, or has, by neglect of duty or by reason of the want of proper discipline on board the vessel, allowed such deserter to be so concealed.

Proviso.

Charge may be in the alternative.

Jurisdiction. II. Any person, whether a European British subject or not, who shall be guilty of an offence punishable under this Act, shall be punishable for the same by any Justice of the Peace for any of the Presidency Towns of Calcutta, Madras, and Bombay, or for any of the Settlements of Prince of Wales' Island, Singapore, and Malacca, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate in any Port within the Territories of the East India Company within whose jurisdiction the offence may have been committed, or such person may have been apprehended or found, whether the offence shall have been committed within the local limits of the jurisdiction of such officer or not; and any person hereby made punishable by a Justice of the Peace shall be punishable on summary conviction.

Conviction to be quashed on merits only : form of conviction, &c. III. No conviction, order, or judgment of any Justice of the Peace shall be quashed for error of form or procedure, but only on the merits; and it shall not be necessary to state on the face of the conviction, order, or judgment, the evidence on which it proceeds; but the depositions taken, or a copy of them, shall be returned with the conviction, order, or judgment, in obedience to any writ of *certiorari*; and if no jurisdiction appears on the face of the conviction, order, or judgment, but the depositions taken supply that defect, the conviction, order, or judgment shall be aided by what so appears in such depositions.

Saving of proceedings under Act No. XIV of 1849. IV. Nothing in this Act contained shall prevent any Justice of the Peace, Magistrate, or other Officer having authority in that behalf, from committing for trial any person who shall be charged with an offence punishable under Act No. XIV of 1849, or any other Act hereafter to be in force, notwithstanding that such offence may be also punishable under this Act. Provided that no proceedings shall have been had against such person in respect of the same offence under this Act.

Proviso.

Commanding Officer may issue warrants for apprehension of deserters. V. Laws repealed and modified.

I. Section IV Regulation V. 1830 of the Bengal Code is hereby repealed; and such parts of Sections XII and LII Regulation XI. 1816 of the Madras Code, and of Sections XIX, XLV, and LIII Regulation XII. 1827 of the Bombay Code, as authorize the Magistrates or Police Officers to take charge and dispose of stray Cattle, are declared subject to the following modifications.

Cattle doing damage to crop or produce may be seized and impounded.

II. It shall be lawful for the cultivator or occupier of any land to seize, or cause to be seized, any cattle trespassing on such land, and doing damage to any crop or produce thereon, and to convey them to the pound established for the village in which the land is situate. Village and other Police Officers, when called upon, shall give their aid to cultivators and occupiers making such seizures.

Pounds where and at what distances to be established.

III. Pounds shall be established at the thannahs or district Police stations, and at such other places as the Magistrate, under the orders of the Local Government, may determine. The village or villages by which every pound is to be used shall be determined and notified by the Magistrate; and when a pound is intended for the use of more than one village, the site shall be so fixed that it shall not be necessary to drive Cattle more than five miles for the purpose of impounding them.

Control and management of pounds.

IV. The pounds shall be under the control of the Magistrate of the district, and for each pound a pound-keeper shall be appointed, who shall keep such registers and furnish such returns as the Local Government shall direct. Provided that, in the Presidencies of Fort St. George and Bombay, the heads of villages and Police patells shall be ex-officio the keepers of village pounds.

The pound-keeper shall take charge of and feed the Cattle until disposed of as hereinafter directed.

VI. If the owner appear and claim the Cattle, and his claim be attested by some person known in the place in which the pound is established, they shall be delivered to him on payment of a fine for each head of Cattle according to the following scale:—

	Annas.
Camel or Buffalo, ...	8
Horse or Tattoo, Bull, Bullock, or Cow,...	4
Calf or Ass,.....	2
Sheep or Goat, ...	1

together with the expense of feeding the Cattle at such daily rate as may be fixed by the Magistrate under the orders of the Local Government. The owner, on taking back his Cattle, shall give the pound-keeper a receipt for them, countersigned by the person who attests his claim.

If the Cattle be not claimed within seven days, the pound-keeper shall make his report to the darogah or district Police Officer, who shall stick up in a conspicuous part of the Police Office a notice containing a statement of the number and description of the Cattle, the place where they were seized, and the place where they are impounded, and shall cause proclamation of the same to be made by beat of

drum in the village, and at the market place, nearest to the place of seizure. If the Cattle be not claimed within ten days from the date of the notice, they shall be sold by public auction by the darogah or district Police Officer, or an officer of his establishment deputed for the purpose.

Procedure, if owner appear and refuse or omit to pay the fines and expenses.

VIII. If the owner appear, and refuse or omit to pay the fines and expenses, the Cattle, or as many of them as may be necessary, shall be sold by public auction for the recovery of such fines and expenses by the darogah or other officer as aforesaid; and the remaining Cattle, and the balance of the purchase money, if any, shall be delivered to the owner, together with an account showing the number of Cattle seized, the time during which they have been impounded, the charge for fines and expenses, the number of Cattle sold, the proceeds of sale, and the manner in which those proceeds have been disposed of; and the owner shall grant a receipt for the Cattle delivered to him and for the balance of the purchase money paid to him (if any) according to such account. Penalty for pound-keeper releasing Cattle without payment of fine or not registering any fine received by him.

XIII. Any pound-keeper who shall release any Cattle brought to him for the purpose of being impounded, without receiving from the owner or claimant the fine prescribed by this Act, unless release shall have been ordered by the Moonsiff under Section XVI of this Act, or shall omit to bring to account in the register and return which he shall be required by the Local Government to keep and furnish, any fine received by him for the release of impounded Cattle, shall, on conviction by a Magistrate, be liable to the penalty or penalties prescribed in the last preceding Section.

The complaint may be either verbal, in which case the substance of it shall be taken down in writing by the Moonsiff, or written upon plain paper, and shall be preferred by the complainant in person, or by an agent personally acquainted with the circumstances. The Moonsiff, if, on examination of the complainant or his agent, he shall see reason to believe the complaint to be well founded, shall summon the party complained against, and shall proceed to make a summary enquiry into the case. If the seizure be adjudged illegal, the Moonsiff shall award to the complainant such damages, not exceeding in any case the sum of Rupees one hundred, as he may deem to be a reasonable compensation for any loss or injury sustained from the unlawful seizure and detention, together with all

expenses incurred by the complainant in procuring the release of the Cattle; or, if the Cattle have not been released, the Moonsiff, in addition to the award of damages, shall make an order for their release, and shall direct that the fines and expenses leviable under this Act shall be paid by the party who made the seizure. All decisions passed by the Moonsiffs under this Section shall be final, and not open to appeal, unless the ground of appeal be a question of law, or some other ground on which a special appeal would lie in a regular suit.

XVII. Any person who shall wilfully damage, or cause or permit to be damaged, any crop or other produce of land, by driving or allowing Cattle to trespass thereon, shall be liable for such offence to imprisonment for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both. The aforesaid penalties may be adjudged by a Magistrate on the complaint of any person authorized to seize Cattle under Section II of this Act, or of any person who may have made advances for the cultivation of the land and delivery of the produce, and the fine may be recovered by sale of the Cattle by which the trespass was committed, or any portion of them, whether the Cattle were seized in the act of trespassing or not, and whether such Cattle are the property of the person convicted of the offence, or were only in his charge when the trespass was committed. All fines recovered under this Section may be appropriated in whole or in part to compensate the complainant for damage proved to the satisfaction of the Magistrate.

Saving of right of parties to institute a suit for the recovery of damages in any competent Court.

XVIII. Nothing contained in this Act shall be held to prohibit any person, whose crops or other produce of land shall have been damaged by trespass of Cattle, from instituting a suit for the recovery of damages in any competent Court.

Proviso.

Provided that any compensation which may have been paid to any such person under the last preceding Section shall be set off and deducted from any sum claimed by or awarded to him as damages in such suit.

Local Government, with the sanction of the Governor General in Council, may exclude any district, &c. from the operation of this Act.

Notification.

NOTICE is hereby given, that the Tea Plant has lately been discovered in the District of Sylhet, in the Pergunnahs of Ruffeenuggur, Chapghat and Paunchkhund, and that Government has authorized the adoption of the Rules for the grant of waste lands, which are at present in force in Assam and the neighbouring District of Cachar, for such lands in the District of Sylhet as are not permanently settled. The Collector reports that in the Pergunnahs of Ruffeenuggur and Chapghat the Tea Plant has been found to the number of several thousand, almost entirely on waste Jungle land, which has never been included in any settlement, and in Pergunnah Paunchkhund the Plant has been found on the Teelas, (or detached Hills varying in height from 50 to 400 feet,) all of which are unsettled land.

The three Pergunnahs above mentioned are close to the Rivers Soorma and Boglia, and the Collector reports there will be no difficulty in the matter of carriage to any of the localities.

The annexed copy of a letter from the Superintendent, Hon'ble Company's Botanical Garden, is published for general information.

The Rules under which grants of land will be made are also subjoined.

Rules for the Grant of Waste Lands in Sylhet.

Fort William, the 23rd October, 1854.

Rule I.—Applications for grants of waste lands in Sylhet shall be made to the Collector, who will enter them in a Register to be kept for that purpose in his Office, and after advertising them for one week at his Office, will submit them, through the Commissioner, for the orders of the Board of Revenue. Should there be more than one application for the same grant, it shall be put up to sale after a further advertisement of fifteen days, and the application of the highest bidder shall be submitted as above provided.

Rule II.—Every applicant for a grant of waste lands shall place in deposit with the Collector a sum of money sufficient to provide for a proper survey by a Compass Ameen of the boundaries of the grant, and a copy of the plan of this Survey shall be entered in the Collector's Register for the effectual prevention of future disputes.

Rule III.—No grants shall be for less than 500 acres of forest or grass waste, which will be granted on the same terms.

Rule IV.—One-fourth of the grant to be exempted from assessment in perpetuity for the site of houses, tanks, roads, embankments, &c., but not so as to be separable from the rest of the grant, or exempt from liability on account of the proportion of the grant subject to assessment.

Rule V.—The other three-fourths of the grant to be also rent-free for fifteen years, after which it shall be assessed at three annas per acre for ten years, and for seventy-four years at six annas per acre, the whole term being fixed for ninety-nine years.

Rule VI.—After the ninety-ninth year, the grant shall be liable to survey and re-settlement, and to such moderate assessment as may seem proper to the Government of the day, the proprietary right in the grant and the right of engagement with Government remaining to the grantee, his heirs, executors or assigns, under the conditions generally applicable to the owners of estates not permanently settled, and revenue equal to the amount annually paid from the fifty-first to the ninety-ninth year shall be paid annually by the grantee, his heirs, executors, or assigns, until such survey and re-settlement or re-assessment as is described above be effected.

Rule VII.—One-eighth of the grant shall be cleared and rendered fit for cultivation by the expiration of the fifth year, from the ———18—; one-fourth by the expiration of the tenth year, from the ———18—; one-half by the expiration of the twentieth year, from the ———18—; and three-fourths by the expiration of the thirtieth year, from the ——18—. On failure of all or any of these conditions (the fact of which failure shall, after local enquiry conducted by the Collector or other Officer, be finally determined by the Board of Revenue,) the entire grant shall be resumed, and the grantee shall forfeit all right and interest in the lands, both those which may be yet uncleared and those which may have been cleared and brought into cultivation.

Rule VIII.—Grants for hill forests shall be made on special terms, to be agreed upon in each case with the sanction of the Board of Revenue.

Rule IX.—With a view to the due registration of all transfers and changes in the proprietorship of grants, no claims to the proprietary right in the lands or the rents of a grant will be recognized as valid, unless on proof of the registry of the claimant's name as proprietor on the Collector's Books.

Rule X.—The Local Officers will consider themselves empowered to grant lands to actual cultivators on such terms as may be current in each District, without any reference to these Rules.

Rules for the Grant of Waste Lands in Sylhet.

Fort William, the 23rd October, 1854.

Rule I.—Applications for grants of waste lands in Sylhet shall be made to the Collector, who will enter them in a Register to be kept for that purpose in his Office, and after advertising them for one week at his Office, will submit them, through the Commissioner, for the orders of the Board of Revenue. Should there be more than one application for the same grant, it shall be put up to sale after a further advertisement of fifteen days, and the application of the highest bidder shall be submitted as above provided.

Rule II.—Every applicant for a grant of waste lands shall place in deposit with the Collector a sum of money sufficient to provide for a proper survey by a Compass Ameen of the boundaries of the grant, and a copy of the plan of this Survey shall be entered in the Collector's Register for the effectual prevention of future disputes.

Rule III.—No grants shall be for less than 500 acres of forest or grass waste, which will be granted on the same terms.

Rule IV.—One-fourth of the grant to be exempted from assessment in perpetuity for the site of houses, tanks, roads, embankments, &c., but not so as to be separable from the rest of the grant, or exempt from liability on account of the proportion of the grant subject to assessment.

Rule V.—The other three-fourths of the grant to be also rent-free for fifteen years, after which it shall be assessed at three annas per acre for ten years, and for seventy-four years at six annas per acre, the whole term being fixed for ninety-nine years.

Rule VI.—After the ninety-ninth year, the grant shall be liable to survey and re-settlement, and to such moderate assessment as may seem proper to the Government of the day, the proprietary right in the grant and the right of engagement with Government remaining to the grantee, his heirs, executors or assigns, under the conditions generally applicable to the owners of estates not permanently settled, and revenue equal to the amount annually paid from the fifty-first to the ninety-ninth year shall be paid annually by the grantee, his heirs, executors, or assigns, until such survey and re-settlement or re-assessment as is described above be effected.

Rule VII.—One-eighth of the grant shall be cleared and rendered fit for cultivation by the expiration of the fifth year, from the ———18—; one-fourth by the expiration of the tenth year, from the ———18—; one-half by the expiration of the twentieth year, from the ———18—; and three-fourths by the expiration of the thirtieth year, from the ———18—. On failure of all or any of these conditions (the fact of which failure shall, after local enquiry conducted by the Collector or other Officer, be finally determined by the Board of Revenue,) the entire grant shall be resumed, and the grantee shall forfeit all right and interest in the lands, both those which may be yet uncleared and those which may have been cleared and brought into cultivation.

Rule VIII.—Grants for hill forests shall be made on special terms, to be agreed upon in each case with the sanction of the Board of Revenue.

Rule IX.—With a view to the due registration of all transfers and changes in the proprietorship of grants, no claims to the proprietary right in the lands or the rents of a grant will be recognized as valid, unless on proof of the registry of the claimant's name as proprietor on the Collector's Books.

Rule X.—The Local Officers will consider themselves empowered to grant lands to actual cultivators on such terms as may be current in each District, without any reference to these Rules.

All Bulls must be provided with the rings and ropes necessary to bind them safely; the Boars will be rung.

ARTICLE 4TH.

All Animals considered by the Jury to have attained an exaggerated degree of fatness, and also all those proved to have been purchased by Societies or Agricultural Associations or General Councils of Departments, and afterwards sold by the said Councils, Societies or Associations under form of sale, whether public or private, will be excluded from competition.

The first Prizes accorded to the Animals of the Poultry Yard will be attested by a Silver Medal; the other Prizes by a Bronze Medal.

Whenever any Exhibitor may not himself have bred the Prize Animal, a Medal similar to that awarded to him will be awarded to the actual Breeder on the condition that he proves his claim.

In case where a Breeder shall have bred many Prize Animals, or only one Animal that the Jury may have singled out as particularly remarkable, a Gold Medal of a large size may be decreed to him upon the proposition of the said Jury.

ARTICLE 6TH.

Animals who may have gained Prizes in a preceding general French Exhibition cannot compete afterwards, except for Prizes of a superior order to those which they have already obtained.

If they are declared to be gainers of a Prize only equal to that which was formerly decreed to them, they will have a right only to have such Prize recorded, and will receive no Medal.

And if they are marked only for a Prize inferior to that which they have previously obtained, their names will not even be mentioned.

Finally, in order to be recognized, Prize Animals will be marked.

ARTICLE 7TH.

Any person convicted of exhibiting as his property an Animal of which he is not the proprietor, or of which the marks may have been destroyed or

BETWEEN

Signed at Nagasaki, in the English and Japanese Languages, October 14th, 1854.

[*Ratifications exchanged at Nagasaki, October 9th*, 1855.]

CONVENTION for Regulating the Admission of BRITISH SHIPS into the PORTS of JAPAN.

It is agreed between Sir James Stirling, Knight, Rear Admiral, and Commander-in-Chief of the Ships and Vessels of Her Britannic Majesty in the East Indies and Seas adjacent, and Mezino, Chekfuno Kami, Obunyo of Nagasaki, and Nagai Evan Ocho, Omedski of Nagasaki, ordered by His Imperial Highness the Emperor of Japan to act herein, that—

1st.

The Ports of Nagasaki (Fisen) and Hakodadi (Matsmai) shall be open to British Ships for the purposes of effecting repairs, and obtaining fresh water, provisions, and other supplies of any sort they may absolutely want for the use of the Ships.

2nd.

Nagasaki shall be open for the purposes aforesaid from and after the present date, and Hakodadi from and after the end of fifty days from the Admiral's departure from this Port. The Rules and Regulations of each of these Ports are to be complied with.

3rd.

Only Ships in distress from weather, or unmanageable, will be permitted to enter other Ports than those specified in the foregoing Articles, without permission from the Imperial Government.

4th.

British Ships in Japanese Ports shall conform to the Laws of Japan. If high Officers or Commanders of Ships shall break any such Laws, it will lead to the Ports being closed. Should inferior persons break them, they are to be delivered over to the Commanders of their Ships for punishment.

5th.

In the Ports of Japan, either now open, or which may hereafter be opened, to the Ships or subjects of any Foreign Nation, British Ships and subjects shall be entitled to admission, and to the enjoyment of an equality of advantages with those of the most favored nation, always excepting the advantages accruing to the Dutch and Chinese from their existing relations with Japan.

6th.

This Convention shall be ratified, and the ratifications shall be exchanged at Nagasaki on behalf of Her Majesty the Queen of Great Britain, and on behalf of His Highness the Emperor of Japan, within twelve months from the present date.

7th.

When this Convention shall be ratified, no high Officer coming to Japan shall alter it.

EXPOSITION OF THE ARTICLES OF THE CONVENTION OF NAGASAKI OF THE 14TH OF OCTOBER 1854, AGREED TO ON THE 18TH OF OCTOBER 1855, BY THEIR EXCELLENCIES THE REAR ADMIRAL COMMANDING-IN-CHIEF AND THE JAPANESE COMMISSIONERS.

1st.

"THE Ports of Nagasaki (Fisen) and Hakodadi (Matsmai) shall be open to British Ships for the purposes of effecting repairs, and obtaining fresh water, provisions, and other supplies of any sort they may absolutely want for the use of the Ships."

2nd.

"Nagasaki shall be open for the purposes aforesaid from and after the present date; and Hakodadi from and after the end of fifty days from the Admiral's departure from this Port. The Rules and Regulations of each of these Ports are to be complied with."

3rd.

"Only Ships in distress from weather, or unmanageable, will be permitted to enter other Ports than those specified in the foregoing Articles, without permission from the Imperial Government."

4th.

"British Ships in Japanese Ports shall conform to the Laws of Japan. If high Officers or Commanders of Ships shall break any such Laws, it will lead to the Ports being closed. Should inferior persons break them, they are to be delivered over to the Commanders of their Ships for punishment."

5th.

"In the Ports of Japan, either now open, or which may hereafter be opened, to the Ships or subjects of any Foreign Nation, British Ships and subjects shall be entitled to admission, and to the enjoyment of an equality of advantages with those of the most favored Nation, always excepting the advantages accruing to the Dutch and Chinese from their existing relations with Japan."

Exposition.

THE first Article of the Convention opens the Ports of Nagasaki and Hakodadi to British Ships for repairs and supplies. It opens the whole and every part of those Ports; but Ships must be guided in anchoring by the directions of the Local Government. Safe and convenient places will be assigned where Ships may be repaired. Work-men, materials, and supplies will be provided by the Local Government according to a Tariff to be agreed upon, by which also the modes of payment will be regulated. All Official communications will hereafter, when Japanese shall have time to learn English, be made in that language. A British Burial-ground shall be set apart on Medsume Sima, fenced in by a stone wall, and properly protected.

The second Article provides that at each of the Ports of Nagasaki and Hakodadi the Port Regulations shall be obeyed; but the Japanese Government will take care that they shall not be of a nature to create embarrassment, nor to contradict in any other way the general tenor and intent of the Treaty, the main object of which is to promote a friendly intercourse between Great Britain and Japan.

The third Article declares that only Ships in distress from weather, or unmanageable, shall enter other Ports than Nagasaki and Hakodadi without permission from the Imperial Government; but Ships of War have a general right to enter the Ports of friendly powers in the unavoidable performance of public duties, which right can neither be waived nor restricted; but Her Majesty's Ships will not enter any other than open Ports without necessity, or without offering proper explanations to the Imperial Authorities.

The fourth Article provides that British Ships and subjects in Japanese Ports shall conform to the Laws of Japan; and that if any subordinate British subjects commit offences against the Laws, they shall be handed over to their own Officers for punishment; and that if high Officers or Commanders of Ships shall break the Laws, it will lead to the closing of the Ports specified. All this is as it should be; but it is not intended by this Article that any acts of individuals, whether high or low, previously unauthorized or subsequently disapproved of by Her Majesty the Queen of Great Britain, can set aside the Convention entered into with Her Majesty alone by His Imperal Highness the Emperor of Japan.

The fifth Article secures in the fullest sense to British Ships and subjects in every Port of Japan, either now open or hereafter to be opened, an equality in point of advantage and accommodation with the Ships and subjects or citizens of any other Foreign Nation, excepting any peculiar privilege hitherto conceded to the Dutch and Chinese in the Port of Nagasaki. If, therefore, any other nation or people be now or hereafter permitted to enter other Ports than Nagasaki and Hakodadi,

6th.

"This Convention shall be ratified, and the ratifications shall be exchanged at Nagasaki on behalf of Her Majesty the Queen of Great Britain, and on behalf of His Highness the Emperor of Japan, within twelve months from the present date."

7th.

"When this Convention shall be ratified, no high Officer coming to Japan shall alter it."

or to appoint Consuls, or to open trade, or to enjoy any advantage or privilege whatever, British Ships and subjects shall, as of right, enter upon the enjoyment of the same.

ARRANGEMENT REGARDING STAMPS.

An arrangement made subsequently to the Convention requires that British Ships intending to visit Japan shall be provided with a document in proof of their nationality, and as a check upon the conduct of Vessels in Japanese Ports; and Her Majesty's Government has directed a form of Certificate of Registration to be adopted,* which has been accepted as satisfactory by the Japanese Authorities; and Merchat Ships arriving in Japanese Ports are to submit their Certificate of Registration to the Officers to be appointed by the Japanese Authorities, and to permit them to make such extracts from it as may seem good to them, before such Ships can be admitted to obtain repairs and supplies. Her Majesty's Ships of War will not be provided with such documents; but the Officers in Command, upon proper application, will afford all reasonable information regarding their Ships.

The 29th April 1856.

Notification.—The Right Hon'ble the Governor General in Council is pleased to direct that the following paras. of a Financial Despatch from the Hon'ble the Court of Directors, No. 21 of 1856, dated the 5th March, having reference to two Memorials from certain Chaplains and Assistant Chaplains on the Bengal and Bombay Establishments, regarding the provisions of the New Absentee Rules and the present system of promotion and retirement of Chaplains, be published for general information :—

Letter from, dated 30th August 1855, No. 115.

Forward a Memorial from the Chaplains and Assistant Chaplains on the Bombay Establishment, regarding the New Absentee Rules.

Letter from, dated 30th August 1855, No. 116.

Forward a Memorial from certain Chaplains and Assistant Chaplains on the Bengal Establishment on the same subject, and also with reference to the system of promotion and retirement of Chaplains.

Para. 2. The requests which are submitted by the Memorialists have reference principally to the provisions of the New Absentee Rules, but the Memorial from Bengal contains also certain specific requests in regard to the present system of promotion and retirement of Chaplains. The Rules under which the furloughs and leaves of absence of our Chaplains and Assistant Chaplains are for the future to be regulated occupied our serious attention when the general question was before us, and we are not prepared now to sanction their revision.

3. The construction which was placed upon the Rules by your Government Resolution of the 10th February 1855 has been somewhat modified by us (*vide* Financial Despatch dated 5th September 1855, No. 78,) and you are also aware that we have determined that the New Rules shall not have retrospective effect so as to deprive Chaplains of the privilege of counting as Service leave already taken under the Old Rules. The knowledge that these modifications had been made was not in the possession of the Memorialists at the time their Memorials were framed.

4. Adverting, however, to the allowances which were drawn by Chaplains and Assistant Chaplains under the Old Rules, when absent in India under Medical Certificate, we have resolved to grant to them, during absence under such Certificate only, within the limit of one year, their full salaries, subject to a reduction of one-third for the whole term of regulated absence, save and except that if the salary be not more than Rupees 500 per month no deduction shall be made, and if it be only so much more than Rupees 500 that the prescribed deduction of one-third would reduce the allowance below that sum, only the excess beyond Rupees 500 shall be deducted.

5. With reference, moreover, to the "privilege" leave to Chaplains, which, in accordance with the Rule of the Military Service, may be taken for one month in each six months, we are willing to comply with the request of the Memorialists, that such leave may be allowed to accumulate up to three months as a maximum period. Chaplains will thus be enabled to take three months' leave without deduction of allowances after eighteen months' continuous duty, provided the convenience of the Public Service will allow of the grant.

General Orders by the Right Hon'ble the Governor General of India in Council.

Fort William, 7th May 1856.

No. 704 of 1856.—The following Notification, from the Financial Department, is published in General Orders :—

No. 17, dated 29th April 1856.—The Right Hon'ble the Governor General in Council is pleased to direct that the following paras. of a Financial Despatch from the Hon'ble the Court of Directors, No. 21 of 1856, dated the 5th March, having reference to two Memorials from certain Chaplains and Assistant Chaplains on the Bengal and Bombay Establishments, regarding the provisions of the New Absentee Rules and the present system of promotion and retirement of Chaplains, be published for general information :—

Para. 2. The requests which are submitted by the Memorialists have reference principally to the provisions of the New Absentee Rules, but the Memorial from Bengal contains also certain specific requests in regard to the present system of promotion and retirement of Chaplains. The Rules under which the furloughs and leaves of absence of our Chaplains and Assistant Chaplains are for the future to be regulated occupied our serious attention when the general question was before us, and we are not prepared now to sanction their revision.

Letter from, dated 30th August 1855, No. 115.

Forward a Memorial from the Chaplains and Assistant Chaplains on the Bombay Establishment, regarding the New Absentee Rules.

Letter from, dated 30th August 1855, No. 116.

Forward a Memorial from certain Chaplains and Assistant Chaplains on the Bengal Establishment on the same subject, and also with reference to the system of promotion and retirement of Chaplains.

3. The construction which was placed upon the Rules by your Government Resolution of the 10th February 1855 has been somewhat modified by us (*vide* Financial Despatch dated 5th September 1855, No. 78,) and you are also aware that we have determined that the New Rules shall not have retrospective effect so as to deprive Chaplains of the privilege of counting as Service leave already taken under the Old Rules. The knowledge that these modifications had been made was not in the possession of the Memorialists at the time their Memorials were framed.

4. Adverting, however, to the allowances which were drawn by Chaplains and Assistant Chaplains under the Old Rules, when absent in India under Medical certificate, we have resolved to grant to them, during absence under such Certificate only, within the limit of one year, their full salaries, subject to a reduction of one-third for the whole term of regulated absence, save and except that if the salary be not more than Rupees (500) five-hundred per month no deduction shall be made, and if it be only so much more than Rupees 500 that the prescribed deduction of one-third would reduce the allowance below that sum, only the excess beyond Rupees 500 shall be deducted.

5. With reference, moreover, to the "privilege" leave to Chaplains, which, in accordance with the Rule of the Military Service, may be taken for one month in each six months, we are willing to comply with the request of the Memorialists, that such leave may be allowed to accumulate up to three months as a maximum period. Chaplains will thus be enabled to take three months' leave without deduction of allowances after eighteen months' continuous duty, provided the convenience of the Public Service will allow of the grant.

Calcutta, 11th March 1856.

Postal Notice.

As there is much injury to Articles despatched under the Book-Post Rules, when put up in paper covers, the Officiating Director General of the Post Office in India recommends that Books, Pamphlets, &c., be *invariably at all Seasons of the year*, covered with wax-cloth, having the ends open, but projecting sufficiently, so as to admit of the wax-cloth being folded down.

2. As a precaution against miscarriage, it is recommended that the address on Books, Pamphlets, &c. be written not only on the wax-cloth covers, but also *inside the boards or on the title page*. The address when written only on *flimsy paper covers as heretofore customary*, has not unfrequently, together with the covers been lost, or destroyed by friction, while, in transit by the Dák, and in consequence, it has been found impossible to have such Books, Pamphlets, &c., delivered to the addressees.

3. Although every possible degree of care is taken by the Post Office, it is impossible, in all cases, to secure parcels against injury from wet, during the rains, except on the main lines of road, on which Mail Carts are used.

4. Under instructions from Government, Public Officers when despatching Books on the Public Service, during the rains, are directed to have them packed *in tin* and sent by the *Banghy* in place of the *Book Post*.

Offg. Director General of the Post Office in India.

Legislative Council.

The 3rd May 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Hon'ble the Governor General on the 9th May 1856, and is hereby promulgated for general information :—

ACT NO. XII OF 1856.

An Act to amend the Law respecting the employment of Ameens by the Civil Courts in the Presidency of Fort William.

Preamble.

WHEREAS the Law by which the Civil Courts are authorized to employ Ameens upon local investigations is defective, and requires amendment ; and whereas, in consequence of the extended jurisdiction which has been given to Moonsiffs and the change which has been made in the constitution of the office, it is no longer expedient that Moonsiffs should be employed in the attachment and sale of personal property, nor, except on rare and special occasions, in any of the duties enumerated in Sections L, LI, and LIII Regulation XXIII. 1814; and it is necessary to make provision for the performance of those duties by other agency : It is enacted as follows :—

Regulations repealed.

I. Section XVII Regulation IV. 1793, Section XVIII Regulation III. 1803, and Clauses 2 and 3 of Section LI, and Section LII, Regulation XXIII. 1814, are repealed.

Civil Court Ameens to be appointed.

II. In each District officers to be designated Civil Court Ameens shall be appointed for the purposes of this Act, and shall be remunerated by fixed monthly salaries. The number of Ameens to be employed in each District, and the salaries to be allowed to them, shall be determined by the Local Government, with the sanction of the Governor General of India in Council

Civil Court Ameens by whom to be appointed and to what Courts to be attached.

III. The Civil Court Ameens shall be appointed by the Judge of the District with the sanction of the Court of Sudder Dewanny Adawlut, and the Judge shall from time to time attach them to the several Courts of the District according as the state of business may require. Provided that an Ameen attached to any particular Court may, with the sanction of the Judge, be employed occasionally by any other Court.

Declaration to be made by Civil Court Ameens.

IV. Before entering upon the duties of their office, the Civil Court Ameens shall subscribe a declaration in the following form :—

I, A. B., appointed to the office of Civil Court Ameen, solemnly declare that, in the performance of the duties of my office, I will act according to the best of my abilities and judgment, without partiality, favor, or affection ; and that I will not directly or indirectly receive for my own benefit, or knowingly permit any other person to receive on my behalf, any money, effects, or property on account of any duty which I may have to execute, except the authorized allowances of my office.

Duties of Civil Court Ameens.

V. Subject to such general directions and restrictions as may from time to time be prescribed by the Sudder Court, the Civil Court Ameens may be employed in any of the following duties :—

1. In investigating or adjusting accounts in any suit or other judicial proceeding.

2. In making local investigations when the Court may deem investigation on the spot to be requisite and proper for the purpose of elucidating the matters in dispute, or of ascertaining the

amount of mesne profits or damages, in any suit or other judicial proceeding.

3. In delivering over possession of lands, houses, and other immoveable property, in execution of decrees or orders of Court.

4. In the sale of moveable property, and of houses, gardens, and other immoveable property of the kind described in Section III Regulation VII. 1825.

5. In ascertaining the sufficiency of sureties, and the means of persons suing in *formâ pauperis*.

VI. Whenever any accounts shall be referred to a Civil Court Ameen for investigation or adjustment, the Court shall direct the parties or their agents to attend the Ameen, and shall furnish him with such part of the proceedings and such detailed instructions as may appear necessary for his information and guidance; and the instructions shall specify whether the Ameen is merely to transmit the proceedings which he may hold on the enquiry, or also to report his own opinion on the matter referred for his investigation.

Procedure in referring accounts to Civil Court Ameen for investigation or adjustment.

VII. *Clause 1.* Whenever a local enquiry is directed, the Court shall distinctly specify the point or points to be investigated, and the Civil Court Ameen shall have power to examine, on oath or affirmation, such witnesses as may be produced to him by the parties or any of them, the parties themselves; and any other persons whom he may think proper to call upon to give evidence; and also to call for and examine documents and other papers relevant to the subject of enquiry: and persons not attending on the requisition of a Civil Court Ameen, or refusing to give their testimony or sign their depositions, or to produce any documents or other papers, shall be subject to the like penalties and punishments by order of the Court on the report of the Ameen, as they would incur for the same offences in suits tried in Court.

Procedure in cases of local enquiry.

Clause 2. Having completed his proceedings, the Civil Court Ameen shall return the depositions taken by him together with his report in writing to the Court. The report and depositions shall be received as evidence in the case; but it shall be competent to the Court, or to the parties, or any of them, with the permission of the Court, to examine the Ameen personally in open Court touching any of the matters referred to him or mentioned in his report, or the manner in which he may have conducted his investigation.

Report of the Civil Court Ameen and return of the depositions taken by him.

VIII. Whenever a Civil Court Ameen may be employed on any duty connected with a pending suit, or the execution of a decree, except the sale of property, the Court shall estimate the time which the duty may be expected to occupy, and shall charge for the expense of the Ameen such fixed rate *per diem* as may be determined by the Sudder Court. The amount shall be paid into Court by the party at whose instance or for whose benefit the Ameen is deputed, and shall be added to the costs of suit.

Expense of Civil Court Ameens how to be charged.

IX. When a Civil Court Ameen shall be employed to sell property, a deduction at the rate of one anna in the Rupee shall be made from the proceeds of the sale. If no sale takes place by reason of the claim being satisfied or for any other cause, a charge shall be made for the expenses of the Ameen according to the time he may be employed. A deposit to meet this charge, calculated in the manner prescribed in the preceding Section, shall be made before the Ameen is deputed, and shall be returned to the depositor if the sale takes place. All sums paid for the employment of Ameens, and all sums deducted from the proceeds of sales, shall be credited to Government.

When employed to sell property, deduction to be made from proceeds.

Expenses, if no sale takes place.

X. Nothing contained in this Act shall be held to prohibit the Civil Courts in the North-Western Provinces of the Presidency of Fort William from making use of the agency of the Revenue Officers in investigations and adjustments of accounts connected with land paying revenue to Government, under such general directions as may from time to time be prescribed by the Sudder Court. Whenever a Tuhseeldar, a Naib Tuhseeldar, or a Peshkar shall be employed in any such investigation or adjustment under the orders of a Civil Court, he shall possess all the powers vested in Civil Court Ameens by Section VII of this Act; and the provisions of the said Section shall be applicable to the proceedings held by such officer.

Civil Courts in the North-Western Provinces may employ Revenue Officers in certain cases.

No. 18.

Fort William, Financial Department,
The 8th May 1856.

Notification.—The Right Hon'ble the Governor General in Council is pleased, in conformity with the instructions of the Hon'ble Court, conveyed in their Financial Despatch No. 25 of 1856, dated 12th March, to direct the publication of the following amendments of Sections XII. and XIII. of the new Civil Absentee Rules, in supersession of so much of the Resolution of this Government in the Financial Department, under date the 22nd December 1855, as regards the Sections in question :—

Section XII. The Government may grant to Civil Servants leave of absence to any place in India, Europe or elsewhere, without any restrictions whatever as to the place to which they may resort, for one month in each calendar year, without deduction from the salaries and emoluments drawn by such servants. Such leave, however, will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the Officer seeking it. No second leave can be granted under this Rule, until the completion of eleven months from the expiration of the last leave, if taken at one time; or from the date of return from any Sick leave, or until the completion of six months from the expiration of the last instalment of a leave, if it has been divided. Servants not availing themselves of the indulgence in any one year may obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of twenty-two months from the termination of their former leave; and if two years elapse without enjoyment of the privilege, leave for three months may, in like manner, be granted at the expiration of thirty-three months from the termination of the last preceding leave; but no leave shall be granted under this Rule for any period exceeding three months. If an Officer shall not return at the expiration of the period of leave granted him under this Rule, he shall forfeit all pay and allowances during the time of his remaining so absent without leave; and if he shall so continue absent for more than one month beyond the term granted, his office shall become vacant.

Civil Servants absent from their Stations under Medical certificate cannot be admitted to leave under this Rule in continuation of their Sick leave; and if, while absent under this Rule, they be granted extended leave under Medical certificate, they shall be considered liable to the Rules applicable to leave of absence on Medical certificate for the whole period of their absence.

Civil Servants, who have been absent on Medical certificate during any portion of a calendar year, are not entitled to leave under this Rule during that year; nor can leave under this Rule be taken in connection with, or continuation of, leave granted under Section XIV. Clause I.

Section XIII. As a general rule, when leave is granted under Section XII., such leave will be in one period only, whether for a whole month or less, and not in detached portions to complete one month, but as an exception to this Rule, it shall be discretional with the several Local Governments, when good cause is shown for the indulgence and it is attended with no public inconvenience, to sanction leave of absence under this Rule to such parties as may not have occasion to apply for the whole at once in two instalments only, which are not to exceed in the aggregate one month within the calendar year.

Postal Notice.

As there is much injury to Articles despatched under the Book-Post Rules, when put up in paper covers, the Officiating Director General of the Post Office in India recommends that Books, Pamphlets, &c., be *invariably at all Seasons of the year*, covered with wax-cloth, having the ends open, but projecting sufficiently, so as to admit of the wax-cloth being folded down.

2. As a precaution against miscarriage, it is recommended that the address on Books, Pamphlets, &c. be written not only on the wax-cloth covers, but also *inside the boards or on the title page.* The address when written only on *flimsy paper covers as heretofore customary*, has not unfrequently, together with the covers been lost, or destroyed by friction, while, in transit by the Dâk, and in consequence, it has been found impossible to have such Books, Pamphlets, &c., delivered to the addressees.

3. Although every possible degree of care is taken by the Post Office, it is impossible, in all cases, to secure parcels against injury from wet, during the rains, except on the main lines of road, on which Mail Carts are used.

4. Under instructions from Government, Public Officers when despatching Books on the Public Service, during the rains, are directed to have them packed *in tin* and sent by the *Bangly* in place of the *Book Post.*

Legislative Council.

The 3rd May 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Hon'ble the Governor General on the 9th May 1856, and is hereby promulgated for general information :—

ACT No. XII OF 1856.

An Act to amend the Law respecting the employment of Ameens by the Civil Courts in the Presidency of Fort William.

Preamble.

WHEREAS the Law by which the Civil Courts are authorized to employ Ameens upon local investigations is defective, and requires amendment ; and whereas, in consequence of the extended jurisdiction which has been given to Moonsiffs and the change which has been made in the constitution of the office, it is no longer expedient that Moonsiffs should be employed in the attachment and sale of personal property, nor, except on rare and special occasions, in any of the duties enumerated in Sections L, LI, and LIII Regulation XXIII. 1814; and it is necessary to make provision for the performance of those duties by other agency: It is enacted as follows :—

Regulations repealed.

I. Section XVII Regulation IV. 1793, Section XVIII Regulation III. 1803, and Clauses 2 and 3 of Section LI, and Section LII, Regulation XXIII. 1814, are repealed.

Civil Court Ameens to be appointed.

II. In each District officers to be designated Civil Court Ameens shall be appointed for the purposes of this Act, and shall be remunerated by fixed monthly salaries. The number of Ameens to be employed in each District, and the salaries to be allowed to them, shall be determined by the Local Government, with the sanction of the Governor General of India in Council.

Civil Court Ameens by whom to be appointed and to what Courts to be attached.

III. The Civil Court Ameens shall be appointed by the Judge of the District with the sanction of the Court of Sudder Dewanny Adawlut, and the Judge shall from time to time attach them to the several Courts of the District according as the state of business may require. Provided that an Ameen attached to any particular Court may, with the sanction of the Judge, be employed occasionally by any other Court.

Declaration to be made by Civil Court Ameens.

IV. Before entering upon the duties of their office, the Civil Court Ameens shall subscribe a declaration in the following form :—

I, A. B., appointed to the office of Civil Court Ameen, solemnly declare that, in the performance of the duties of my office, I will act according to the best of my abilities and judgment, without partiality, favor, or affection ; and that I will not directly or indirectly receive for my own benefit, or knowingly permit any other person to receive on my behalf, any money, effects, or property on account of any duty which I may have to execute, except the authorized allowances of my office.

Duties of Civil Court Ameens.

V. Subject to such general directions and restrictions as may from time to time be prescribed by the Sudder Court, the Civil Court Ameens may be employed in any of the following duties :—

1. In investigating or adjusting accounts in any suit or other judicial proceeding.

2. In making local investigations when the Court may deem investigation on the spot to be requisite and proper for the purpose of elucidating the matters in dispute, or of ascertaining the

amount of mesne profits or damages, in any suit or other judicial proceeding.

3. In delivering over possession of lands, houses, and other immoveable property, in execution of decrees or orders of Court.

4. In the sale of moveable property, and of houses, gardens, and other immoveable property of the kind described in Section III Regulation VII. 1825.

5. In ascertaining the sufficiency of sureties, and the means of persons suing in *formâ pauperis*.

Procedure in referring accounts to Civil Court Ameen for investigation or adjustment.

VI. Whenever any accounts shall be referred to a Civil Court Ameen for investigation or adjustment, the Court shall direct the parties or their agents to attend the Ameen, and shall furnish him with such part of the proceedings and such detailed instructions as may appear necessary for his information and guidance; and the instructions shall specify whether the Ameen is merely to transmit the proceedings which he may hold on the enquiry, or also to report his own opinion on the matter referred for his investigation.

Procedure in cases of local enquiry.

VII. *Clause 1.* Whenever a local enquiry is directed, the Court shall distinctly specify the point or points to be investigated, and the Civil Court Ameen shall have power to examine, on oath or affirmation, such witnesses as may be produced to him by the parties or any of them, the parties themselves, and any other persons whom he may think proper to call upon to give evidence; and also to call for and examine documents and other papers relevant to the subject of enquiry: and persons not attending on the requisition of a Civil Court Ameen, or refusing to give their testimony or sign their depositions, or to produce any documents or other papers, shall be subject to the like penalties and punishments by order of the Court on the report of the Ameen, as they would incur for the same offences in suits tried in Court.

Report of the Civil Court Ameen and return of the depositions taken by him.

Clause 2. Having completed his proceedings, the Civil Court Ameen shall return the depositions taken by him together with his report in writing to the Court. The report and depositions shall be received as evidence in the case; but it shall be competent to the Court, or to the parties, or any of them, with the permission of the Court, to examine the Ameen personally in open Court touching any of the matters referred to him or mentioned in his report, or the manner in which he may have conducted his investigation.

Expense of Civil Court Ameens how to be charged.

VIII. Whenever a Civil Court Ameen may be employed on any duty connected with a pending suit, or the execution of a decree, except the sale of property, the Court shall estimate the time which the duty may be expected to occupy, and shall charge for the expense of the Ameen such fixed rate *per diem* as may be determined by the Sudder Court. The amount shall be paid into Court by the party at whose instance or for whose benefit the Ameen is deputed, and shall be added to the costs of suit.

When employed to sell property, deduction to be made from proceeds.

IX. When a Civil Court Ameen shall be employed to sell property, a deduction at the rate of one anna in the Rupee shall be made from the proceeds of the sale.

Expenses, if no sale takes place.

If no sale takes place by reason of the claim being satisfied or for any other cause, a charge shall be made for the expenses of the Ameen according to the time he may be employed. A deposit to meet this charge, calculated in the manner prescribed in the preceding Section, shall be made before the Ameen is deputed, and shall be returned to the depositor if the sale takes place. All sums paid for the employment of Ameens, and all sums deducted from the proceeds of sales, shall be credited to Government.

Civil Courts in the North Western Provinces may employ Revenue Officers in certain cases.

X. Nothing contained in this Act shall be held to prohibit the Civil Courts in the North-Western Provinces of the Presidency of Fort William from making use of the agency of the Revenue Officers in investigations and adjustments of accounts connected with land paying revenue to Government, under such general directions as may from time to time be prescribed by the Sudder Court. Whenever a Tuhseeldar, a Naib Tuhseeldar, or a Peshkar shall be employed in any such investigation or adjustment under the orders of a Civil Court, he shall possess all the powers vested in Civil Court Ameens by Section VII of this Act; and the provisions of the said Section shall be applicable to the proceedings held by such officer.

Notice to Mariners.

LIGHT-HOUSE
ON
TROUBRIDGE SHOALS.
GULF ST. VINCENT.

TRINITY HOUSE;

Port Adelaide, South Australia, 17th December 1855.

Light. A bright flashing light, 80 feet above high water mark, visible from the deck of a moderate-sized vessel at a distance of sixteen (16) miles, will be exhibited on and after the evening of the 1st of February 1856.

Light-house position. Variation Tides. The Light-house is composed of iron, painted stone-color, and is placed on the centre of the Troubridge Island, in lat. 35° 10' S., long. 137° 50' 15" E., var. 5° E. High water F. and C. 3·30: the flood sets E.N.E. and then N.N.E. into the Gulf.

Sailing direction. Vessels bound through Investigator's Straits into the Gulf St. Vincent should make the Light bearing N. E. ½ N. by Compass, and steer N. E. by E. ½ E. to pass it at a distance of seven miles; having brought it to bear W. by N. ½ N. about 8 miles, a course of N. E. by N. may be kept for the Light-ship off Port Adelaide, which bears N. E. ½ E., 36½ miles from the centre of the Island. Vessels from the Westward and Southward should not approach the Light within a less distance than four miles, where they will find soundings of 14 fathoms.

Tides. The flood tide, during Westerly gales and at the springs, runs with considerable velocity, setting rather on the shoal until the Gulf is open.

Anchorage off the Light. Vessels bound down the Gulf from the Port, meeting with Westerly gales, will find excellent anchorage under the lee of Troubridge Island, with the Light bearing S. W., distant 1½ miles, in 8 fathoms, on a clean sandy bottom.

Postal Notice.

As there is much injury to Articles despatched under the Book-Post Rules, when put up in paper covers, the Officiating Director General of the Post Office in India recommends that Books, Pamphlets, &c., be *invariably at all Seasons of the year*, covered with wax-cloth, having the ends open, but projecting sufficiently, so as to admit of the wax-cloth being folded down.

2. As a precaution against miscarriage, it is recommended that the address on Books, Pamphlets, &c. be written not only on the wax-cloth covers, but also *inside the boards or on the title page*. The

address when written only on *flimsy paper covers as heretofore customary*, has not unfrequently, together with the covers been lost, or destroyed by friction, while, in transit by the Dâk, and in consequence, it has been found impossible to have such Books, Pamphlets, &c., delivered to the addressees.

3. Although every possible degree of care is taken by the Post Office, it is impossible, in all cases, to secure parcels against injury from wet, during the rains, except on the main lines of road, on which Mail Carts are used.

Legislative Council.

The 3rd May 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Hon'ble the Governor General on the 9th May 1856, and is hereby promulgated for general information :—

ACT No. XII OF 1856.

An Act to amend the Law respecting the employment of Ameens by the Civil Courts in the Presidency of Fort William.

Preamble.

WHEREAS the Law by which the Civil Courts are authorized to employ Ameens upon local investigations is defective, and requires amendment; and whereas, in consequence of the extended jurisdiction which has been given to Moonsiffs and the change which has been made in the constitution of the office, it is no longer expedient that Moonsiffs should be employed in the attachment and sale of personal property, nor, except on rare and special occasions, in any of the duties enumerated in Sections L, LI, and LIII Regulation XXIII. 1814; and it is necessary to make provision for the performance of those duties by other agency: It is enacted as follows :—

Regulations repealed.

I. Section XVII Regulation IV. 1793, Section XVIII Regulation III. 1803, and Clauses 2 and 3 of Section LI, and Section LII, Regulation XXIII. 1814, are repealed.

Civil Court Ameens to be appointed.

II. In each District officers to be designated Civil Court Ameens shall be appointed for the purposes of this Act, and shall be remunerated by fixed monthly salaries. The number of Ameens to be employed in each District, and the salaries to be allowed to them, shall be determined by the Local Government, with the sanction of the Governor General of India in Council

Civil Court Ameens by whom to be appointed and to what Courts to be attached.

III. The Civil Court Ameens shall be appointed by the Judge of the District with the sanction of the Court of Sudder Dewanny Adawlut, and the Judge shall from time to time attach them to the several Courts of the District according as the state of business may require. Provided that an Ameen attached to any particular Court may, with the sanction of the Judge, be employed occasionally by any other Court.

Declaration to be made by Civil Court Ameens.

IV. Before entering upon the duties of their office, the Civil Court Ameens shall subscribe a declaration in the following form :—

I, A. B., appointed to the office of Civil Court Ameen, solemnly declare that, in the performance of the duties of my office, I will act according to the best of my abilities and judgment, without partiality, favor, or affection; and that I will not directly or indirectly receive for my own benefit, or knowingly permit any other person to receive on my behalf, any money, effects, or property on account of any duty which I may have to execute, except the authorized allowances of my office.

Duties of Civil Court Ameens.

V. Subject to such general directions and restrictions as may from time to time be prescribed by the Sudder Court, the Civil Court Ameens may be employed in any of the following duties :—

1. In investigating or adjusting accounts in any suit or other judicial proceeding.

2. In making local investigations when the Court may deem investigation on the spot to be requisite and proper for the purpose of elucidating the matters in dispute, or of ascertaining the

amount of mesne profits or damages, in any suit or other judicial proceeding.

3. In delivering over possession of lands, houses, and other immoveable property, in execution of decrees or orders of Court.

4. In the sale of moveable property, and of houses, gardens, and other immoveable property of the kind described in Section III Regulation VII. 1825.

5. In ascertaining the sufficiency of sureties, and the means of persons suing in *formâ pauperis*.

Procedure in referring accounts to Civil Court Ameen for investigation or adjustment.

VI. Whenever any accounts shall be referred to a Civil Court Ameen for investigation or adjustment, the Court shall direct the parties or their agents to attend the Ameen, and shall furnish him with such part of the proceedings and such detailed instructions as may appear necessary for his information and guidance; and the instructions shall specify whether the Ameen is merely to transmit the proceedings which he may hold on the enquiry, or also to report his own opinion on the matter referred for his investigation.

Procedure in cases of local enquiry.

VII. *Clause 1.* Whenever a local enquiry is directed, the Court shall distinctly specify the point or points to be investigated, and the Civil Court Ameen shall have power to examine, on oath or affirmation, such witnesses as may be produced to him by the parties or any of them, the parties themselves, and any other persons whom he may think proper to call upon to give evidence; and also to call for and examine documents and other papers relevant to the subject of enquiry: and persons not attending on the requisition of a Civil Court Ameen, or refusing to give their testimony or sign their depositions, or to produce any documents or other papers, shall be subject to the like penalties and punishments by order of the Court on the report of the Ameen, as they would incur for the same offences in suits tried in Court.

Report of the Civil Court Ameen and return of the depositions taken by him.

Clause 2. Having completed his proceedings, the Civil Court Ameen shall return the depositions taken by him together with his report in writing to the Court. The report and depositions shall be received as evidence in the case; but it shall be competent to the Court, or to the parties, or any of them, with the permission of the Court, to examine the Ameen personally in open Court touching any of the matters referred to him or mentioned in his report, or the manner in which he may have conducted his investigation.

Expense of Civil Court Ameens how to be charged.

VIII. Whenever a Civil Court Ameen may be employed on any duty connected with a pending suit, or the execution of a decree, except the sale of property, the Court shall estimate the time which the duty may be expected to occupy, and shall charge for the expense of the Ameen such fixed rate *per diem* as may be determined by the Sudder Court. The amount shall be paid into Court by the party at whose instance or for whose benefit the Ameen is deputed, and shall be added to the costs of suit.

When employed to sell property, deduction to be made from proceeds.

IX. When a Civil Court Ameen shall be employed to sell property, a deduction at the rate of one anna in the Rupee shall be made from the proceeds of the sale. If no sale takes place by reason of the claim being satisfied or for any other cause, a charge shall be made for the expenses of the Ameen according to the time he may be employed. A deposit to meet this charge, calculated in the manner prescribed in the preceding Section, shall be made before the Ameen is deputed, and shall be returned to the depositor if the sale takes place. All sums paid for the employment of Ameens, and all sums deducted from the proceeds of sales, shall be credited to Government.

Expenses, if no sale takes place.

Civil Courts in the North-Western Provinces may employ Revenue Officers in certain cases.

X. Nothing contained in this Act shall be held to prohibit the Civil Courts in the North-Western Provinces of the Presidency of Fort William from making use of the agency of the Revenue Officers in investigations and adjustments of accounts connected with land paying revenue to Government, under such general directions as may from time to time be prescribed by the Sudder Court. Whenever a Tuhseeldar, a Naib Tuhseeldar, or a Peshkar shall be employed in any such investigation or adjustment under the orders of a Civil Court, he shall possess all the powers vested in Civil Court Ameens by Section VII of this Act; and the provisions of the said Section shall be applicable to the proceedings held by such officer.
